Layoff notices planned for '99

Now that it has been decided to close the McKinley, Washington and Stallings elementary schools, layoff notices are to be issued at the March 20 Granite City School Board meeting to about 99 employees, Supt. B. J. Davis said at yesterday's Rotary prayer breakfast.

The terminations will be effective at the end of the current school year in June, but some will have an opportunity to apply for other positions that become open, Davis said, estimating that the net reduction may total 65 to 75.

School consolidations are expected to make possible a \$748,000 reduction in yearly operating costs, and related economy moves can bring the total saving to \$1 million a year, he added.

Describing himself and other educators as "builders," the superintendent said the cutbacks are distasteful but are unavoidable because the school system needs and wants to continue present curricular and extracurricular offerings to students.

Instructional quality will be maintained, he told the breakfast gathering. Although the three buildings to be closed and placed on sale are grade schools, staff reductions are planned at all levels and all types of jobs, Davis said.

He estimated that while the schools

will show a cash balance of about \$800,000 on June 30, tax anticipation warrants totaling \$2 million will be necessary before the receipt of the bulk of property taxes in late summer.

A \$2,061,497 operating deficit has

(Continued on Page 4)

No help from state

Education will continue to be the single highest priority in Governor James R. Thompson's recommended 1979-80 fiscal year budget — a record-setting \$3.4 billion for elementary, secondary and higher education, he said Wednesday afternoon.

But the increase in state aid will be so small that it will be of virtually no help to school districts in fighting inflation, local school officials asserted.

In making his education funding recommendation to the General Assembly, announced to state education officials in early February, Thompson yesterday said.

"We have a rare opportunity in the next fiscal year to make improvements in our financing methods for Illinois

schools, with the major advantage to be gained by providing an opportunity for local property tax relief."

Looking only at the General Funds portion of the education recommendation, a \$2.9 billion commitment, the funding sought by the governor for education is 40 percent of the total state General Funds budget.

"The Thompson administration is dedicated to the advancement of quality education programs, but with an eye on relief for taxpayers as well," the governor said.

"The increased education funding request for FY 80 (July 1979-June 1980) of \$136 million in General Revenue

Report on GC schools—Page 5

7-0 vote to close three schools in June

By DONNA HARTWICK
Press-Record Staff Writer
Granite City Board of Education members voted unanimously Tuesday night to close three grade schools, McKinley, Washington and Stallings, in an effort to stabilize the financial condition of Community Unit School District Nine.

Declining enrollment, cost-salary inflation and loss of some funds from state and federal agencies were cited by the board as factors in a \$2,000,000 operating cost deficit.

The three schools will be closed at the end of the current school year this spring.

Over 70 citizens, some angry about the proposal to close the schools, attended the meeting. Many voiced their disapproval at the final decision.

Two residents who had requested

time to speak at the meeting, Ronald H. Teachnor for the Washington School area and Donald L. Gargac for the Stallings area, presented their views against closing the schools.

Gargac said he felt the public was uninformed and misinformed on reasons for the closings. "I would like to know how each school was evaluated, and feel the present enrollment considered does not justify the closing. I ask that the final decision be held in abeyance until further studies are made."

Teacher read Section 9-13 from the Illinois School Code and recommended to the board that a proposition ballot be set up as the most democratic method for the residents to let their views be known.

Co-pastorate innovation here

Half of a large local church's two new pastor positions is being filled by the Reverend James T. Mory, active on a full-time basis since Dec. 5 at St. John United Church of Christ, 2901 Nameoki Road.

The Christian education pastorate is one part of the co-pastorate ministry adopted by the members of St. John last spring.

Rev. Mory was born in St. Louis in 1951. He was baptized and confirmed at Calvary United Church of Christ, Overland.

He graduated from Kirkwood High School in 1969, from Monmouth College,

Course by newspaper

The School of Humanities at Southern Illinois University at Edwardsville will offer a course by newspaper during the spring quarter. The Granite City Press-Record is among six area papers participating in the educational program.

The undergraduate course, Death and Dying: Challenge and Change (HUM 400), consists of 15 weekly newspaper articles for study at home and regularly scheduled on-campus class sessions, supported with textbooks, films and other classroom materials.

Charles Corr, professor of philosophical studies at SIUE, will teach the course. He spent last summer at a hospice in Sheffield, England, gathering data for a research project on death and dying.

The newspaper articles will appear in the Press-Record weekly, beginning the week of March 19.

The series is aimed at serving three basic reading audiences — readers

whose interests are captured by the articles, people who wish to explore the subject in depth, and those seeking college credit for the course.

The articles analyze the impact of complex social change on death. Among the scholars who probe mortality, recent changes in the manner of death — and the personal and social dilemmas posed by the changes — are psychologists, sociologists and medical professionals.

Combining history and recent research findings, the authors offer insight on such little-discussed issues as grief, euthanasia, suicide, life and death, the dying patient, widowhood and the impact of a potential world holocaust.

Individuals who wish to enroll in the course for credit must be admitted to the university through regular channels.

Academic credit, ranging from two to four quarter hours, may be earned for satisfactorily completing the course.

sework. In-state tuition and fees total \$87.50.

Individuals who would like to gain in-

Prosecute on lawn damage

Granite City Chief of Police Ronald J. Veizer said today that an intensive investigation by his department has identified the drivers of vehicles which have driven through 22 or more yards in the city, and those responsible are being prosecuted.

Six youths have been identified as having driven through yards. Four are being prosecuted, and one is being forced to repair damage he did to a lawn.

David Krause, 19, of 2925 Dale Ave., was arrested at his home at 11:50 a.m. Tuesday on criminal damage to property and allegedly admitted driving through 11 yards Saturday night or early Sunday.

His car became mired in mud at the

home of Leroy Hartwick, 3201 Kilarney Drive, and had to be pulled out with a tow truck. Officers prepared an accident report at that time and released

Area weather outlook

Cloudy and cold today with high in the 30s. A few periods of rain mixed with snow late tonight and early Friday. Low tonight 32. Rain mixed with snow continuing Friday, with high of 40 and low in 30s. Saturday — chance of rain. Clear to partly cloudy and cool Sunday and Monday. Weekend temperatures — lows in upper 20s and highs in 40s.

Street resurfacing in Pontoon Beach

Resurfacing of all streets in Pontoon Beach should begin April 2, under a contract awarded to MacIair Asphalt Co.

Village Board President Floyd Moss said the contractor for the new sanitary sewers for Nameoki, Chouteau and Venice townships has pledged the sewers will be completed in Pontoon Beach before April, so the work will not interfere with the street resurfacing program.

Although the sewers will be basically complete in the village, they will not be put into use until the entire system is linked to the Granite City sewage treatment facilities at the Granite City Army installation at least a year from now.

Resurfacing of village streets is being funded partially by a \$137,000 grant from the Madison County Community Development office and with \$110,000 in

motor fuel tax funds.

Moss said the village also is applying for a grant from the Illinois Environmental Protection Agency to study the present condition of sanitary sewers to the Quiet Valley Lagoon to determine if they can be linked with the new sanitary sewers under construction.

If an infiltration study shows the sewers are water-tight, homes linked to the Quiet Valley Lagoon system may not have to make individual tap-ons to the new sewers.

The village board has been holding several meetings recently to review all village ordinances and prepare them for codification. Two meetings last week lasted about five hours each and Moss estimates that about 15 more hours of work will be required before the estimated 250 village ordinances have been prepared for classification and codification.

Local and state spending and tax limits proposed

Tax and spending limits — to force government at the state and local levels, including school districts, to live within taxpayers' means — were proposed Wednesday afternoon by Governor James R. Thompson.

"Last November, the voters of Illinois spoke emphatically on the question of spending and taxes. They said put a lid on."

"The things I propose today represent my answer to what the voters asked for in November," the governor

said. Specifically aimed at state taxes and spending, Thompson will recommend that:

1. A governor must budget and the General Assembly must appropriate no more than 98 percent of funds estimated to be available in the General Funds and the Road Fund.

2. Growth in appropriations from the General Funds and the Road Fund must be limited to the growth of personal income in Illinois for the last

available fiscal year — except that revenues received in excess of the deficiencies in pension funds, to reduce general obligation bond debt, and to meet specific emergencies declared by a three-fifths vote of each legislative chamber.

3. No state tax increases can come unless the bill receives a three-fifths vote of each chamber and approval of a governor, or unless it receives a majority vote in each chamber, ap-

proval of a governor and — at a statewide referendum — three-fifths of those voting on the tax fail to disapprove it.

4. An increase in the number of votes required to override a reduction veto from a simple majority to a three-fifths majority of each chamber.

Governor Thompson noted that the fiscal year 1980 (July 1979-June 1980) budget he is proposing projects a General Funds available balance of \$136 million, slightly less than the \$140

million which a two percent balance would require.

Since 1970, General Funds appropriations have grown at an average rate of 12 percent a year, while Illinois personal income has averaged a 10 percent yearly growth.

If the proposed Thompson limit had been in effect since 1972, General Funds appropriations would have been limited in the 1972, 1973, 1975 and 1979 fiscal years, he said.

Taking aim at local taxes and

spending, the governor said he will ask the General Assembly to:

A. Maintain present tax rate limits on local governments and school districts — but provide that all increases in property tax extensions for each local unit or school district may not exceed the percentage of Illinois personal income growth in the last available calendar year, unless a majority of voters approve the increase.

Reprimands at GC unemployment office

By GARY SCHNEIDER
Press-Record Staff Writer

Mrs. Agaliece Miller, commissioner of unemployment insurance for the Illinois Unemployment Insurance Division in Chicago, told the Press-Record Tuesday that she plans to reprimand several employees of the Granite City office who were involved in approving illegal unemployment

benefits for an employee of the office during October 1977.

The incident, first brought to public attention by the Press-Record Feb. 5, was not the first such case in the Granite City office, Mrs. Miller said. Reprimands will include officials involved in one known prior case, as well as the October 1977 case, she stated.

The Press-Record launched an investigation after some persons aware of the infraction contended it had been "covered up" and that the employee who received improper payments had actually been promoted while the case was under review by investigators of the Division of Unemployment Compensation.

Robert F. Rauch, an investigator in

the special investigations division for the Northwest, Central and Southern Regions of unemployment insurance, admitted he had delayed any action on the infraction for about six months because his office was busy with other cases having higher priorities, but said he had not closed the file.

Final call for data

Due to the large number of April candidates in the Quad-Cities, much preparation time and newspaper space are involved in presenting biographies, campaign issues and pictures. Candidates are urged to send their information without delay to the Press-Record, 1815 Delmar Ave.

National Steel to diversify, acquire financial corporation

George A. Stinson, chairman and chief executive officer of National Steel Corporation, and Anthony M. Frank, chairman and president of United Financial Corporation of California, announced Tuesday that they have reached an agreement in principle for acquisition by National Steel of all of the outstanding common stock of United Financial for a cash consideration of \$42 per share.

The total number of shares outstanding is approximately 5.8 million, indicating a transaction of

\$243,600,000.

The agreement is subject to approval by the two boards of directors, by the stockholders of United Financial, and by state and federal regulatory agencies.

United Financial is the parent corporation of Citizens Savings and Loan of San Francisco, the nation's 11th largest savings and loan association. The firm is also active in mortgage banking and single-family housing development.

National Steel acquired Granite City Steel in 1971. In announcing the acquisition, Stinson said,

"The forthcoming acquisition of United Financial is an important step in the diversification that National Steel has sought for some time.

"Problems of the metals industries—such as capital and labor intensity, import vulnerability, and extensive environmental controls—do not, in the main, exist in the fields of financial services.

"For these reasons, United Financial will make a significant contribution in broadening our base and stabilizing our profitability. The outstanding chief executive of United

Financial, Mr. Frank, the other executives and the board, to whom we will continue to look for management, will fit well with our long-standing tradition of decentralization.

"This step in no way reduces our dedication to technological progress in our steel businesses.

"Ambitious programs already underway for facilities improvement, such as that just announced for our Granite City Steel Division, will, of course, be carried out as planned."

PANAMA CANAL

In a massive voter turnout on Oct. 23, 1977, Panamanians approved the Panama Canal treaties by a two-thirds majority in a national plebiscite.

3rd balanced state budget

Governor James R. Thompson yesterday proposed a balanced budget for fiscal year 1980 (July 1979-June 1980), the third consecutive year the Thompson administration's fiscal blueprint has recommended that the state live within its means.

His appropriation request totals \$11.8 billion in all funds, an increase of two percent over FY 79.

"Spending in this budget," the governor said, "is restricted to a level which we can support with available state income."

General Funds spending is anticipated at \$7.4 billion, a 7.3 percent increase in FY 80, against a projected in-

flation rate of 7.8 percent. Looking ahead at what the economy is expected to do during the fiscal year, state government, by comparison, will decline in size," Thompson said.

Reviewing what has happened in past General Assembly sessions which he said have approved more spending than the state could afford, the governor cautioned: "Any decision to spend more in one area must be accompanied by a decision to spend less in another."

"This budget recognizes strong and competing pressures. There is the necessity for increased funding of essential state programs, the impact of comparatively slow economic growth on new state revenues, and the desire of Illinois taxpayers that spending be controlled. We are entering a year of limited growth. The nation's economy is expected to slow down.

As a result, unemployment is likely to rise and create demands for increased public assistance and Medicaid payments. These things are incorporated into this budget.

"It is balanced between real needs and available resources, and controls government growth," Thompson emphasized that the General Funds appropriations are an estimated 6.4 percent of Illinois personal income in FY 79 and about 6.3 percent in FY 80.

"If appropriations are held to the budget level, General Funds appropriations will once again decline as a percentage of Illinois personal income," he said.

On the revenue side of the FY 80 budget, the governor pointed to the relationship between the Illinois and U.S. economies.

"The outlook for the U.S. economy in FY 80 indicates the smallest real economic growth since FY 75," Thompson said.

"The Gross National Product, with adjustments for inflation, is expected to decline in the first half of FY 80 and not resume growth until the second half of the year."

These economic projections, he said, are agreed upon by the nation's top forecasters.

Specific factors listed as having an impact on the state's income are:

—Personal income growth, which is expected to drop from 12 percent in FY 79 to between 8 and 10 percent in FY 80.

—Corporate profits, up about 18 percent in FY 79, expected to decline by 3 percent in FY 80.

—Inflation, as measured by the consumer price index, which is expected to moderate in FY 80.

—Unemployment, which is expected to rise by about 1 percent across the nation, an increase from 6 percent of the labor force jobless in FY

79 to 7 percent in FY 80.

On the revenue side of the FY 80 Budget, General Funds revenues comprise almost 70 percent of the state's total.

Including federal aid, the General Funds revenues are expected to be \$6.95 billion in FY 79, growing to \$7.4 billion in FY 80, up \$455 million. Sales and income taxes account for more than 80 percent of General Funds revenues, aided by the public utility tax, cigarette tax, liquor tax, inheritance tax and insurance tax.

Mortgage loan outlook good despite record interest rate

Illinois families borrowing home mortgage money this month will find interest rates well below the 11 percent usury limit for March, according to the president of the Illinois Savings and Loan League.

The monthly ceiling was set by the Illinois Commissioner of Savings and Loan Association based on the January U.S. government long-term bond rate average.

Despite the 11 percent all-time high limit, at least two associations have lowered home mortgage interest rates to below 10 percent, said League President Donald Morton.

During January, the most recent month for which figures are available, Illinois mortgage loan commitment rates averaged 10.04 percent when the mortgage rate ceiling was 10.75 percent.

The survey was conducted by the Federal Home Loan Bank of Chicago and the above figure pertains to an average loan made by Illinois savings and loan associations with a 20 percent down payment for 25 years.

Many Illinois lenders have consistently lent home mortgage money at some of the lowest rates in the country, ranking in the lowest third of United States lending, according to the Home Loan Bank Board.

Some analysts believe current rates represent the peak and that interest rates will fall later this year. The cause of this month's record interest rate ceiling can be traced to inflation and the government's effort to combat it, Morton said. Mortgage interest rates fluctuate with the supply and demand for funds. In its effort to curb inflation, the Federal Reserve Board has tightened the nation's money supply, resulting in higher overall interest rates. The lending institutions, whose primary sources of mortgage funds are savings, find they must pass on their increases costs. Even at record high interest rates, Morton cautioned that any savings that may be obtained by Illinoisans — from waiting to buy a house

when interest rates decline — could be more than offset by inflationary rises in the purchase price of housing. If a family wishes to buy a house now, Morton said, it would have to borrow \$35,000. The monthly payment at 10 percent interest for 25 years would be \$318, excluding taxes and insurance.

If the family waits a year and interest rates decline to 9½ percent, the price of the home will probably have increased at a 12 percent annual rate, so the home would cost \$49,000, figuring a 20 percent down payment, the loan is \$39,000 and monthly payments rise to \$343.

By waiting a year, monthly payments would have increased by \$25 a month or \$300 a year. Over the 25-year life of the mortgage, the family could save \$7,500 by buying the house now, even at a 10 percent interest rate, Morton said.

St. Patrick '79 dinner at Eagles

Eagles Aerie 1126 of Granite City will hold its annual corned beef and cabbage dinner on St. Patrick's Day, Saturday, March 17, it was announced Tuesday night at a meeting of the Eagles Auxiliary.

Mrs. Kathleen Reed, president, was in charge of the business session. She announced the auxiliary's District 8 meeting Sunday, March 18, in Collinsville.

Helien Frazier, secretary of the Granite City auxiliary, is district vice-president. Memorial services were held for Mrs. Mabel Baker, who died in February. She was an Auxiliary member for 40 years.

Mrs. Billie Schuler and Mrs. Phyllis Seka served refreshments during the social hour. Prizes were awarded to Mrs. Shirley Robinson and Mrs. Virginia Kellogg.

Lewis unopposed in Venice voting

Venice Third Ward Alderman George E. Lewis, 49, of 1125 Market St., is unopposed for re-election April 17.

The son of the late George E. Lewis Sr., who was a member of the Madison Board of Education in the 1940s, the alderman was appointed to the Venice City Council to replace the late Louis D. Ratliff on Jan. 8, 1975, and was elected to a four-year aldermanic term April 15, 1975.

He and his wife, Annie Pearl, have five children and have lived in Venice for 26 years.

Employed for a number of years by the Madison County Housing Authority, Lewis has been active in the Friendship Baptist Church and Jericho Masonic Lodge 12 and formerly was vice-president of the North Venice Democratic Club.

GEORGE E. LEWIS

APARTMENT LOOTED Mattie Lumpkins, 13 Grenzer Homes, Madison, discovered her apartment had been burglarized during the weekend. Some of the items taken were a shotgun valued at \$150, a \$75 television set, a \$200 citizen band radio, \$50 watch, tools worth \$200 and numerous items of clothing.

SMALL ANIMAL CARE

Small animal care and management will be taught for eight weeks beginning March 14 and running through May 9 — Wednesdays, 7 to 9:45 p.m. — at Belleville East High School, through the auspices of Belleville Area College. Registration should be completed prior to the first night of class. Students may register in Suite 1288 on the main BAC campus, at the corner of Illinois 161 and Green Mount Road.

Mrs. Blackshere replaced by Dr. David Rendleman

Gov. James A. Thompson announced Tuesday the resignation of Ivan A. Elliott Jr. of Carmi as a member of the Southern Illinois University Board of Trustees and the appointment of Dr. David F. Rendleman of Carbondale to a position on the board.

Dr. Rendleman, 49, a surgeon and younger brother of the late President John S. Rendleman of SIU at Edwardsville, was named to the post formerly held by Mrs. Margaret Blackshere of Madison. The appointment became effective March 1.

Both appointments are for six-year terms to expire in January 1985.

Mrs. Blackshere, who was appointed SIU at Carbondale from 1947 to 1950. He received a bachelor of science in medicine degree from the University of Illinois Medical School in 1952 and a doctor of medicine degree from the U. of I. in 1954.

He served his internship at St. Louis City Hospital and completed a residency in surgery at Rush Presbyterian Hospital in Chicago. He also has completed a fellowship in surgery at a London, England, hospital.

The board is expected to elect a new secretary at its meeting today in Carbondale.

Dr. Rendleman, a native of Anna, attended SIU at Carbondale from 1947 to 1950. He received a bachelor of science in medicine degree from the University of Illinois Medical School in 1952 and a doctor of medicine degree from the U. of I. in 1954.

He served his internship at St. Louis City Hospital and completed a residency in surgery at Rush Presbyterian Hospital in Chicago. He also has completed a fellowship in surgery at a London, England, hospital.

A surgeon at Carbondale Memorial Hospital and Carbondale Clinic since 1961, he is a fellow of the American College of Surgeons and the Illinois Surgical Society.

Dr. Rendleman is the founder and former chairman of the board of the Carbondale YMCA. He is a life member of the SIUC Alum Association and the SIUC Saluki Athletics Boosters Club. He and his wife, Mary, are the parents of two daughters. Amy, 20, a junior in pre-nursing at SIUC, and Laurie, 14, a freshman at Carbondale East High School.

Elliott, an attorney, has been a member of the Board of Trustees since 1967. He has served as vice-chairman a total of five years and as chairman four years.

Bailey to oppose 7 on GC board

Granite City Fifth Ward Alderman Lloyd Bailey told the Granite City Council Tuesday night that he will oppose the re-election efforts of every present member of the Granite City Board of Education, due to the school board's decision to close Washington, McKinley and Stallings schools.

Bailey, who attended the School Board meeting before arriving late at the City Council session, told the aldermen, "I promised them I would try to see that every one of them is off that board."

B. J. Davis, superintendent of schools, read his recommendation to the board and those attending the session, including answers to specific questions voiced at a Feb. 27 public hearing.

He cited information discussed at board meetings for several years in regard to financial problems of the district, recorded in the minutes of the meeting and available to the public.

"There have also been many articles in the newspaper regarding the district's finances through the last three years to make the public aware of the problems."

He cited information discussed at board meetings for several years in regard to financial problems of the district, recorded in the minutes of the meeting and available to the public.

Non-credit registration is \$15 and may be accomplished through the SIUE Office of Conferences and Institutes.

Students taking the course for non-credit will also attend class sessions. Because the course is open for non-credit, it will not be accessible through the Educator Program.

Textbooks will be available through

depth knowledge of the subject of death and dying, but who do not want an academic credit, may enroll in the course for non-credit.

Inflation complicates school financial stability, and enrollment declines and assessment increases have tended to impair Granite City schools' state aid formula eligibility, he related.

Mr. Baize developed over the past several years, closely approximating a \$1,909,322 cutback in state aid below the school aid formula, he noted.

John C. Baize, 57, of 11744 Lola Drive, was pronounced dead at his home at 8:20 p.m. Monday by William Sternberg, Madison County deputy coroner.

Mr. Baize died of an apparent heart attack and was found seated at a table in the basement of his home.

He was born in Clinton, Ky., and had lived in the Quad-City area nearly all his life. He was employed as a crane operator for 30 years at Granite City Steel.

Mr. Baize was a member of Calvary Baptist Church, and also ministered on Sunday mornings at the Troy Professional Care Home.

Survivors includes his wife, Mrs. Margaret Baize; two daughters, Mrs. Richard (Ruth) Morawski and Mrs. Randy (Fay) Such, both of Granite City; and one grandchild.

Funeral services were held here Wednesday. Details are given in the obituary column.

FOREIGN MISSION REPORT AT CHURCH

The Rev. Garland Griffin, representative of the Church of God World Missions, will bring the latest news direct from the foreign mission field at 6:30 p.m. Sunday at the Church of God, 1205 West Pontoon Road. Pastor O. J. Clontinger said the public is invited to attend the program which will feature special music.

Earlier Sunday, members of the church will be contacting families, friends and neighbors as part of a campaign to enlarge the congregation. On Saturday and Sunday, a model flying saucer may be visited on the church parking lot.

7-0 vote

(Continued from Page 1)

Supt. Davis stressed that educational quality and diversity will be maintained and that the number of children walking to school and bused will remain about the same.

After hearing Davis, each of the board members with the exception of George Moore, board secretary, spoke on their reasons for closing the schools, describing the action as not a popular decision but imperative.

Board President Donald Stucke said, "The board members will vote on the issue tonight and the cold facts are that the district is in debt now and will be further in debt if action is not taken."

Course

(Continued from Page 1)

the university bookstore for both credit and non-credit students. The book, a combined reading and study guide, contains a collection of readings relating to the individual article topics.

Death and Dying: Challenge and Change is part of the Courses by Newspaper program developed by the University of California at San Diego in 1973, and is funded by the National Endowment for the Humanities. The course is one of 10 educational features prepared by the program.

Layoff

(Continued from Page 1)

The group was told that when the school district was constructing new buildings, it was gaining the equivalent of a new grade school enrollment each year, but now is losing enrollment at about that rate. Birthrate patterns nationally are cited in addition to local factors.

George T. Wilkins Sr., former Illinois

"Borrowing is only a temporary solution and will lead to bankruptcy in the future. Therefore, to insure the present curricular and extra-curricular offerings, we must make a decision."

Specific reassignments for McKinley, Stallings and Washington students for the fall of 1979 will be decided at the March 20 board meeting.

To emphasize their displeasure after the board voted to close the three schools, some of the parents went outside the building and carried posters protesting the decision, forming a picket line.

One sign said, "No vote for us, no vote for you."

Courses have been offered by more than 1,100 newspapers, having a combined circulation of approximately 25 million readers, and more than 700 educational institutions.

An estimated 45,000 newspaper readers have earned college credit through the program.

Additional information concerning the newspaper course may be obtained by contacting Juanita Gosch, coordinator in the Office of Conferences and Institutes, by telephoning 689-2660.

'Desperate closings, school quality will remain'

Following is the cost reduction report presented to the Granite City School Board on Tuesday evening by Supt. B. J. Davis:

Earlier this year, Jan. 29, 1979, the Board of Education held a special meeting for the purpose of reviewing the financial status of this school district.

At the meeting, the administration submitted a report outlining the district's present financial status and extending that projection to the end of this fiscal year. This projection was in line with that projected in the budget adopted last fall, and is consistent with projections each of the past several years that have led the board to seek means of reducing costs.

In addition, at the board meeting of Feb. 20, 1979, this report was reviewed and more pertinent information and using less conservative cost estimates in an attempt to reduce the amount of (tax anticipation) warrants to what we would consider to be the minimal amount which might be necessary to carry which would project the best financial condition we could expect.

While this projection could reduce the amount of estimated warrants, the anticipated reduction would not significantly influence the future projected financial plight of the district for borrowing.

Last year, the district considered reducing one building and indicated that — if the financial condition did not improve — additional buildings would have to be considered.

The district has indicated by action and by reports for a number of years that the financial situation has been deteriorating. The contention by some at the hearing that the district had not been kept informed is unfounded as demonstrated from newspaper clippings from our files and of board minutes:

1974-75 Budget — It was projected that this year could be the last year of borrowing funds to operate the district. The district was, however, able to complete the year without incurring anticipation warrants.

March 4, 1975 — Report on boundary change indicated declining enrollment in district.

March 18, 1975 — Report on decreasing staff.

1975-76 — Predicted possible anticipation warrants.

Sept. 2, 1975 — Reduction in force policy adoption.

Sept. 2, 1975 — Resolution calling for full funding from the State of Illinois.

Oct. 10, 1975 — Entered into a lawsuit to collect fees from tax collector.

Nov. 18, 1975 — Report on declining enrollment in Community Unit 2.

Feb. 3, 1976 — Report on attempts to obtain additional funding of state mandated programs.

March 16, 1976 — Resolution decreasing staff.

Financial projection report.

April 6, 1976 — A report on budgetary reduction.

Phasing out of buildings was a Phase 1 Goal.

Increasing class size a Phase 2 Goal.

A report on state aid projections. District notified of reduced state aid payments for that current year.

June 1, 1976 — Request to issue anticipation warrants due to late tax collections.

June 22, 1976 — Report and request on interfund loan.

1976-77 Budget — Predicted anticipation warrants.

Sept. 29, 1976 — Report stating that the school district would be out of bonded indebtedness in 1980 in its building fund.

Commented that several buildings were entering an age when replacement must be considered. This could be accomplished by redistributing of pupils, building new facilities, expanding other facilities or a combination of all three.

Also stated that to compensate for declining enrollments we should consider combining buildings and housing pupils now attending buildings that could be phased out in only a physical and financial reasons.

Also noted that without a tax increase or cost controlling measures in our operating funds, the district would be faced with the

future possibility of curtailment of services or continuing and deepening debt.

Feb. 15, 1977 — A detailed report on financial projections.

March 22, 1977 — Resolution dismissing staff.

Report on state aid and transportation fund.

May 3, 1977 — Report on projected revenue.

Sept. 6, 1977 — Budget adopted. Task Force report on declining enrollments.

Pointed out in 1968 the district was projecting phasing out these buildings no later than 1985. Phasing out of our facilities was discussed.

Nov. 9, 1977 — Memo from Frank Krause advising that letters had been sent home to all of the families who would be affected.

Stallings School was phased out, and advising them of meetings that would be set up to discuss the proposal.

Feb. 15, 1978 — Memo from Tully Heubner regarding projected finances from Feb. 10 to June 30, 1978.

Memo indicated that if projections did not change significantly, he believed that the district was fairly close to that he had projected in the 1977-78 budget.

March 14, 1978 — Report to the board on the phasing out of Stallings School.

April 11, 1978 — A motion was made at the board meeting by Member Warren and seconded by Member Suecke to keep the Stallings School open as an attendance center until such time that proper analysis of the growth in the area could be made, and an orderly procedure for redistricting set up, should it become necessary to close the Stallings School building.

June 23, 1978 — Contingency fund transfers.

July 18, 1978 — Anticipation warrants request.

1978-79 Budget — Could not meet expenses without anticipation warrants.

Sept. 19, 1978 — Overview of personnel.

Dec. 4, 1978 — Report on tax levies.

Jan. 16, 1979 — Cost reduction report.

Jan. 29, 1979 — A special meeting to review latest financial projections.

Feb. 20, 1979 — A report on cost reduction was presented, proposing the closing of three elementary schools.

Feb. 27, 1979 — A public hearing was held regarding the proposed closing of McKinley, Stallings and Washington elementary schools.

A record of newspaper clipping relative to financial status is on file and has been submitted to board members.

In recommending the buildings to be considered for closing this year, the neighborhood school concept was considered. And in all but a few instances, students now walking to school will still be within walking distance of their new school assignment.

The programs offered in this district are district-wide programs except for Title I and are not offered at only one school.

It is anticipated that Title I programs now being offered at Washington and McKinley will be transferred to Lake and Wilson.

Emerson, Logan, Webster and Marshall now offer Title I programs.

The reading series referred to during the hearing, for example, is being piloted at several schools to determine its effectiveness in teaching children with reading difficulties. The basic reading series, however, is used in all elementary schools.

We are a Unit District and we strive extremely hard to be sure that the pupils in one school have an equal opportunity to receive the same education as those attending any other school in the district.

It was noted that certain industries in the community would be expanding. It

should be noted, however, that the revenues generated by the expansions are in the future. The district plans to complete its new program in 1981. And the revenues available from these expansions in all instances and purposes, will come in a year after completion.

It should also be noted that much of the value of these expansions will be in the category of corporate personal property and the future status of tax revenues based on that type of property is certainly not assured.

It cannot be argued that the value of these buildings has great attachment to many patrons of this district. There is no way to answer these human feelings, because everyone has empathy with them.

There were additional legitimate questions at the hearing that should be addressed. The following seem to paraphrase those that have been asked:

1. What is the district's position, or concerns about curriculum, facilities, etc.

2. How can the district borrow money to operate each year?

3. This is true in the last three years. Is this cumulative borrowing that now finds the district attempting to further control expenditures.

4. It is projected that the district will soon be borrowing on second-year tax warrants unless it is successful in its efforts to turn the matter around, or to at least control revenues and expenditures so as not to increase the amount of money that must be borrowed.

5. The use of second-year tax anticipation warrants is not, in our opinion, a fiscally sound method of operating schools and would, in all probability, eventually result in more drastic steps than currently recommended.

6. What emergencies or long-range expenditures can the district expect?

7. Since emergencies are circumstances that are expected, a direct answer cannot be given. Long-range expenditures would include negotiation settlements with the various employee groups in the employment of the district.

8. These groups must be given reasonable increases. Building repairs, capital outlay items, and supplies can only be curtailed for so long.

9. Unless the district can keep its credit rating good — as it is now — the interest rate on bonds will increase and creditors would be more hesitant to loan the district money.

10. Second-year warrants, as second mortgages on an individual's home, are not considered preferred risks.

11. Is closing of schools a desperate measure?

12. Desperation is a matter of degree. Closing facilities that can be closed to save money now and still retain a program for all the pupils is not desperate when compared to alternative future action.

13. Closing of buildings, curtailing programs, and increasing class sizes far and above those being proposed.

14. Wouldn't curtailing programs be less drastic?

15. Programs are the heart of a district. Curtailing service to pupils. Facilities are just containers for pupils and programs.

16. Some programs, because of marginal enrollments and extremely cost factors, will undoubtedly be reduced so that other programs serving the pupils at a more reasonable pupil expenditure ratio can be retained.

17. Some programs are mandated by law and cannot be curtailed. When and if we come to that point of drastically curtailing programs, every pupil in the district will lose. If buildings can be phased out, major programs can be retained.

18. For example, a combination of programs that could be curtailed — to reach the same dollar amount — obtained in closing the three facilities being considered — would be all learning centers, all elementary physical education, all high school athletics, and all elementary vocal music and band.

19. It again should be emphasized that this is only an example. Any combination of programs could be joined together to reach the amount of money being considered for building operation.

20. Is it not the board's responsibility to base its

decision on the community's needs and opinions?

21. The board should take the community's concerns into consideration in making decisions.

22. The community is made up of individuals and groups having varied opinions on each issue.

23. The board does consider the community's needs. The board does make decisions based upon those needs as they affect the entire community, and especially its children.

24. All members of the community do not usually concur with these decisions, since there are differing opinions of what the needs consist of on any given issue.

25. Has the administration studied cuts in the administrative staff and facilities?

26. Yes, and the board will receive these reports. It has been stated that all levels of staff will be affected.

27. It does not seem logical to phase out the facility now housing the district's business operations, since they must be housed somewhere. By having its present facility, the district has been able to buy and store in large enough quantities to save money on its purchases.

28. Will increasing class sizes decrease individual quality of teacher instruction?

29. In a recent report to the board, based upon national research, it was the general conclusion that there was no concrete evidence to justify small class sizes.

30. A review of the class sizes proposed by the transfer of pupils will indicate that the average class size in the district will still be reasonable, and within the bounds found acceptable in the research mentioned above.

31. Can the board project how many staff are eligible or will take early retirement?

32. There are 64 staff members eligible for early retirement. There is no way to know the exact number who will take advantage of this program.

33. Although several have already notified the board of the acceptance of this program, all cannot be expected to retire this year.

34. If all did retire, it would still not solve the problem. The potential savings of the potential savings, staff and this is best achieved by combining attendance and early retirement.

35. Does the board believe that using a junior high building to house 5th and 6th grades is acceptable?

36. Many school districts in the state house kindergarten through eighth grade in the same building. These junior high pupils (11 to 13 years of age) play with the older elementary children in the neighborhood sand lots and playgrounds.

37. The junior high pupils will start before the elementary pupils and will be dismissed after the elementary pupils.

38. The 5th and 6th graders will have their own wing, including restrooms and a cafeteria.

39. It will be administered by the Logan principal with the additional advantage of the Prather staff.

40. It is a change for pupils in this district, but it is not a new concept. At one time Central School, in this district, housed 6th graders along with junior high students.

41. In fact, many junior highs greatly increase in size when grades 6-8 as the normal grade span, with pupils mixing together.

42. Can Logan handle the increase in numbers? Will a class be separated by a curtain?

43. Yes, Logan and Prather together can handle the increase.

44. The idea of a curtain separating a room is a rumor and has absolutely no basis in fact.

45. Will bussing of pupils greatly increase? And will this offset the savings?

46. The additional number of pupils to be bused due to this proposal is minimal and the vast majority of pupils will still reside within the prescribed walking distance for all pupils in Community Unit 9.

47. This conforms to the laws of the state. Cost for additional buses would be slight, compared to the cost of building operation.

48. Will the pupils at-

tending classes in Prather be held in the building all day?

49. They will receive the same recess privileges as other Logan pupils receive. This may differ from the practice followed at Washington.

50. Where will 5th and 6th graders eat lunch? Have gym?

51. In the cafeteria and gym at Prather. This will be with their classmates and not junior high pupils.

52. Did any outside firm or agency have any influence on closing Washington or McKinley?

53. No, again these are rumors. This does not rule out, however, the district talking to anyone in the future about the possible purchases.

54. If any of the facilities should be sold, the proceeds would be deposited with tax funds in operation of the district.

55. It should be further pointed out that the district saved the taxpayers money when it transferred Central to another taxing body, thus saving it the necessity of purchasing ground and even financing additional property off the tax rolls.

56. What happens if an overpass should increase traffic flow?

57. This would be handled as it has with other similar situations in the school district (Maryville, Parkview, Wilson).

58. The safety and welfare of the pupils are always foremost in the district's thoughts and can be demonstrated by the history of this district.

59. Will pupils who are bused have to cross a highway?

60. Pupils living along highways are picked up on their side of the highway.

61. Where has the lottery money gone that was to go to the schools?

62. The lottery money goes into the general funds of the state and not directly to the schools. The schools receive money from these funds along with other state-financed programs.

63. How many board members' children attend McKinley?

64. None. However, if they did, the proposal would still have been made.

65. Is the district out of money? Why not admit it?

66. The district is in a position of borrowing money to underwrite its operations. This is not unusual, since most schools borrow. It is not unethical, immoral or illegal, but rather is sanctioned by law.

67. The district has been telling pupils to go to Prather. There have been no attempts to hide the information.

68. A summary of the opinion slips turned in at the meeting indicated the following:

Favor closing Stallings, two.

Favor closing all three schools, 33.

Opposed to closing Washington, 36.

Opposed to closing Stallings, 78.

Opposed to closing all three, three persons.

Opposed to re-zoning, four.

Opposed to closing McKinley, eight.

Opposed to closing Pon-toon area schools, one.

Name signed and no other indication, nine.

Favored closing McKinley but opposed closing Stallings, one.

Total opinion slips at the public hearing, 178.

There have also been numerous letters received and these will be recorded. Copies have been forwarded to the board, along with the minutes of the hearing.

The question of whether to phase out one or more of the buildings presented earlier to the board must now be addressed.

To retain the facilities as operating units at this time does not appear to be financially sound. We know of no large increases in revenues forthcoming.

The phasing out of these facilities will still not allow the district to fully balance its budget. However, not to close the facilities will lead to further deteriorating of the financial status now projected, unless major programs are to be deleted.

It is possible that future closing, redistricting and other reductions of expenditures may have to be considered after next year.

This, of course, depends entirely upon funding from the state and other sources of revenues, such as taxes and employees.

While these closings affect the elementary level, the administration will come in with further staff reductions affecting all levels of employees.

After due consideration of my previous reports to the board, and after analyzing the real concerns of those who spoke at the hearing last Tuesday night, while feeling great empathy for these concerns, I still must conclude that the best interests of all children in the entire district will best be served by phasing out McKinley, Stallings and Washington Schools at the end of this school year and changing the boundary lines at other attendance areas as follows:

EMERSON TO NIEDRINGHAUS — Inclusion of the center line going west on 23rd Street.

The 2300 block of Delmar and Cleveland and the 2300 and 2400 blocks of Benton, Adams and Center will now go to Niedringhaus. This will

mean a transfer of 57 students from Emerson to Niedringhaus.

WEBSTER TO NIEDRINGHAUS — Webster children now residing in the 2500 and 2600 blocks of Iowa and the east side of Madison Avenue in the 2500 and 2600 blocks, and the west side of Washington Avenue in the 2500 and 2600 blocks will now attend Niedringhaus. This will mean a total transfer of 21 students from Webster to Niedringhaus.

WEBSTER TO MARSHALL — All children living

in Kirkpatrick Homes will now attend Marshall. This will mean a transfer of 95 students from Webster to Marshall (for the 1979-80 school year).

SCHOOL FILE CHARGE

Lloyd L. Edwards, 48, of 2501 Washington Ave., was arrested at 11:10 p.m. Monday and was charged with obstructing a police officer. Del Lampher, 2502 E. 25th St., alleged Edwards entered Lampher's home, yelled, threw things, broke furniture and refused to leave. Police alleged Edwards would not leave and resisted them.

MORE THAN SYMPATHY

We give the bereaved guidance, as well as sympathy, in their time of need. Call us for advice during your time of need.

We would like to take this opportunity to express our sincerest gratitude to everyone for their confidence, support and good wishes during our first year.

Your kindness will never be forgotten.

Randall and Linda Irwin

Irwin Chapel
FOR FUNERALS

1978

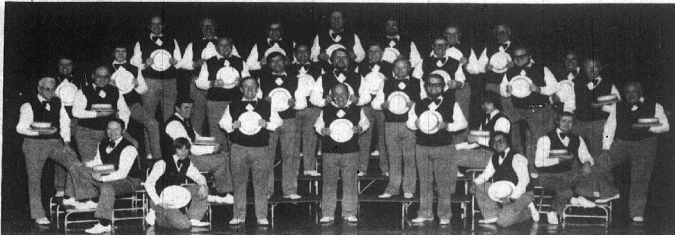

1979

"Congratulations"
To Randall and Linda Irwin
on
your first anniversary

The results show that both of you have remodeled and made a beautiful chapel, kept up with all your civic organizations and have worked in all church activities. If I have kept up with the funerals correctly, you have conducted 66, and made many ambulance trips.

Best wishes for many prosperous years.

MISSISSIPPI VALLEY Barbershop

Chorus will present its 10th anniversary show, "It's Great to be a Barbershopper" at 2 p.m. Sunday in the auditorium at Granite City High School South. Members of the group from Granite City are George Chapman, Dennis

McCann, Richard Branding, Jack Dawson, Joe Siebert, Bud Walker, Charles McIlvoy and Walter Mierich. Tickets will be available at the door at \$3.50 for reserved seats, \$3 general admission and \$2 for senior citizens and children under age 12.

Escalate war on limbs and potholes

An accelerated program by the Granite City Street Department to pick up tree limbs in the streets and to repair potholes is proceeding well and will continue until the entire city has been combed twice. Street Superintendent Lionel Portell told the Granite City Council Tuesday night.

Portell got the council's

permission to hire one more teamster and one more laborer to help man equipment the department is borrowing and leasing for the program.

Darkness has limited the cleanup program to nine hours each day, since men working in the streets after sunset would be in danger of being struck, he said. Full crews have been on duty nine hours per day and have been making good progress, Supt. Portell added.

Mr. Hypnosis puts them to sleep, but they like it

By CATHEY JAMISON

Press-Record Staff Writer

Terry Stokes, billed as "Mr. Hypnosis," is putting on one of the most entertaining shows in town nightly through Sunday at the Corral Lounge, 3304 Nameki Road.

The performance keeps patrons roaring with laughter as they watch friends go on stage, enter a hypnotic state and do some outrageous things.

Part of the fun of the show is in the things you learn about about hypnosis. It is nothing to be afraid of, according to Stokes. It is not a matter of the subject being "under the power" of the operator.

It is a means by which the body becomes totally relaxed and the mind more open to outside stimulation. Stokes said a hypnotic state is actually a state that is accomplished by the subject himself, with the hypnotist merely acting as a guide.

He said that he met Saturday with Mayor Paul Schuler and a union business agent and they agreed to hire four temporary employees for the program. Six trucks and a highlift are in service.

Two trucks were rented Monday morning from Wilbur Waggoner Equipment Co., two were borrowed from the Metro-East Sanitary District and one was pressed into service from the sanitation department.

He said that he met Saturday with Mayor Paul Schuler and a union business agent and they agreed to hire four temporary employees for the program. Six trucks and a highlift are in service.

Two trucks were rented Monday morning from Wilbur Waggoner Equipment Co., two were borrowed from the Metro-East Sanitary District and one was pressed into service from the sanitation department.

The sanitary district had to recall its two trucks for a levee break, but all other available equipment was in service Saturday, Sunday and all this week, Portell said.

By Wednesday, the Community Heights, Dale Avenue and downtown areas had been cleaned of trees and limbs, he said.

We will continue on through the whole city and then start over again and get the stuff being pulled out of the back yards," Portell said.

He noted that initial pickups did not include small twigs under large branches, and urged homeowners to pile the twigs up, so they can be picked up when the trucks stop the second time.

Portell said the city's street sweeper crew has been operating on nine-hour schedules and are helping remove small branches, cinders thrown on the streets during the winter and other debris.

VEHICLE OVERTURNS

Keith Huber, 19, of 2440 Wilson Ave., and Kenneth Pragma, 19, of 3017 Willow Ave., were injured at 8:25 p.m. Tuesday when a chipped jeep was forced from Mockingbird Lane into a ditch north of Route 162 where it overturned. Huber, the driver, suffered a broken shoulder blade and pain to his right wrist, while Pragma suffered a chipped bone in his left little finger and abrasions to his knuckles. Both were released after treatment at St. Elizabeth Medical Center.

EAGLE PARK MEETING

The Eagle Park Action Committee will hold public meeting at 9 a.m. Saturday in the Eagle Park Improvement Association hall, at the request of Mary Knott, director of the Madison County Office of Community Development, who will review guidelines on evaluation of homes and secure ideas from residents.

Births

Births recorded at St. Elizabeth Medical Center.

BOYS
Mr. and Mrs. Larry Braman Jr., 653 Ashland Ave., Mitchell, March 6, David Clinton, seven pounds, four ounces.

Mr. and Mrs. Thomas Aldridge, 3205 Maryville Road, March 6, James Thomas, seven pounds, two ounces.

Mr. and Mrs. Oscar Golliday, East St. Louis, March 6, David Anthony, eight pounds, two ounces.

Mr. and Mrs. Daniel McKinney, 225 Kerr St., Venice, March 7, Jeremy Shane, eight pounds, one ounce.

REINHARDT—Reitor Selling—BETTER LIVING

Review certificates—Smith

More than 1,600 certificates of error which reduced real estate taxes paid by Madison County residents last year should be reviewed by the Madison County Board of Review and only those grants for specific errors rather than opinion of fair value should be allowed to stand, according to a legal opinion issued yesterday.

Assistant Madison County State's Attorney Don Smith

said certificates on the 1977 tax year that the board believes are accurate will be valid only if approved by a court. Other certificates should result in taxpayers who received assessment cuts being billed in 1979 for taxes they did not have to pay in 1978.

Board of Review Chairman Terry Francis one of three members, said he will ask the board to begin a review of the certificates.

County Supervisor of Assessments Jim Barton today called the opinion "a ridiculous thing," and said certificates of error have been used since at least 1938 in this county. Procedures are done exactly the same in every county across the state, he added.

Barton said the certificates are a useful and needed tool, particularly in reducing assessments of the elderly to offset multipliers.

Williams files in Venice

The Rev. John Henry Williams, 619 Washington Ave., today filed for one of two positions on the Venice School Board.

Thomas Scaturro and Larry Boyd an incumbent previously filed for a two-year unexpired term.

Persons who have picked up petitions for the Venice board are George Wade, an incumbent, and James Harrell, Verla Arnold and

Free textbooks topic in Venice

Decisions whether or not to place the issue of continuing free textbooks to Venice pupils on the April 14 school election ballot and to send honorable dismissal notices to faculty and staff members face the Venice Board of Education at 7 o'clock today.

Up to nine faculty members to receive honorable dismissals, if approved by the board. Free school books were authorized by Venice voters in 1930.

Survivors include his wife, Mrs. Wilda "Tommy" McGovern, one son, Craig, and a daughter, Terry Ann, both of Overland Park; his mother, Mrs. Marie McGovern, and two brothers, Russell Dean McGovern and Edward McGovern, all of Granite City.

An obituary notice is given elsewhere in this issue.

Halt energy aid

The Energy Assistance Program operated by the Madison County Economic Opportunity Commission since Feb. 16, has temporarily halted operations as a result of word from the Chicago regional office of the Community Services Administration and from Congress.

Additional funding regarding any additional funds to continue the program. The 29 sites certifying households for aid have suspended applications until further notice.

HAIR DESIGNERS MEET
The Chicago Hairdressers Association held seminars and hair design demonstrations at its meeting in Chicago's O'Hare Expo, attended by 44,000 people, including seven from Granite City's Lion's Mane Hair Design Studio (3717 Nameki Road).

Fred McGowan, John Bragg, Brenda Zampandione, Perry Hendrickson, Sheila Diak, Ron Bittick, and Dawn Gasparovic featured "Retro Hair" (1940s style), new fashion trends, and fashion demonstrations.

GYM PLAN FUNDING
The Illinois Bureau of the Budget announced Wednesday that Gov. James Thompson has ordered release of \$100,000 for the first phase of planning for a permanent multi-purpose physical education, recreation and athletic facility for Southern Illinois University at Edwardsville.

LOCKS FULLY OPEN
Due to warmer temperatures, and ice removal from lock gates and walls, all limits on tow width and size have been eliminated at Granite City Locks No. 27. At Alton Locks No. 26, the 70-foot width restriction has been changed to 80 feet, and the limit of eight barges per tow has been dropped.

ALTON SCHOOL CUTS
The Alton school board Tuesday night gave final approval to a plan to cut 127 jobs and end non-variety high school athletics, junior high sports, varsity golf and wrestling, elementary music, art and libraries, physical education program, two plays and a rifle drill team.

She and Maud Mueller, a cousin, and Anna Frohardt spent six weeks at Evanston University studying music, and often sang together in Granite City.

Mrs. Lovas was preceded in death by her husband in 1961 and also by her brother, Mead Steele.

She is survived by two nephews, F. Kennedy Steele of St. Louis County and William Jack Steele of Wood River, nine great nieces and nephews and eight cousins.

She was employed by the Illinois Terminal Railroad and, during World War II, by Shell Oil Refinery of Wood River. She retired in 1963, when she had a heart attack.

Past district deputy grand royal matron of honor of the Amaranthins, she was a member of the Baptist Church of Edwardsville.

Disaster preparedness passes test

By VALERIE EVENDEN
Press-Record Staff Writer

"Overall, I believe everyone did a good job," said St. Elizabeth Medical Center President Mary Thomas, president of St. Elizabeth Medical Center, moments after Tuesday's emergency tornado drill in which the hospital activated its disaster preparedness plan.

The statewide exercise at 10:30 a.m. Tuesday was coordinated through the National Weather Forecast Office in cooperation with the State Board of Education, regional and local school superintendents and the Illinois Emergency Services and Disaster Agency (Civil Defense).

In conjunction with the state test, each local school participated, with students moved away from outside walls, windows and large rooms that have roofs not supported in the middle, such as gymnasiums.

The St. Elizabeth Medical Center staff usually practices its emergency drill every 10 to 15 minutes. Tuesday of each month, the test run is coordinated with the sounding of Granite City's network of warning sirens — activated at that time unless threatening weather prevails.

Bernard T. Pinney, hospital safety and security director, said the regular drill was delayed 30 minutes Tuesday to coordinate with the statewide exercise and to expand the hospital's role by including a larger segment of the staff and visitors.

Visitors arriving or leaving the hospital were held in lobby areas until the 12-minute test was concluded, he said.

Patients being discharged likewise were delayed from leaving the building until the test was over. Tents were assigned to a roof watch, and one was placed at the top of a

stairwell facing southwest, the usual approach path for a tornado, Pinney said.

Observers toured the hospital complex during the alert, recording various procedure points in conjunction with conditions under the test situation.

In addition to Sister Mary Thomas, also officially observing the test were Roger Frank, an assistant administrator, Jim Davis, business office manager whose staff was in charge of manually operating elevators, and representatives of the Nursing Education staff.

Members of the public in the hospital at the time of the test responded well to the emergency routine, Pinney said.

"One mother, who possibly thought it was the real thing rather than a drill, carried her youngster from his hospital bed into a hallway," he noted.

Staff members and

visitors in the cafeteria or coffee shop also were required to evacuate the areas and wait in a hallway. Pinney said that in the rooms of bedfast patients, the drapes were closed over windows and beds were pushed together.

The bedside curtains also were drawn around the beds to protect patients from flying glass. Doors were left open.

"Everything looked very good, and we received full cooperation from the patients, staff and the public," Pinney said after the test.

Patients and hospital personnel were out in the corridors on each floor and youthful patients in pediatric rooms were moved in their beds or cots into the hall.

"The staff appeared to have everything under control," the safety director concluded.

Reprimands

(Continued from Page 1)

He agreed that a woman employee of the Granite City office prepared certification documents claiming her eligibility for unemployment benefits just before she entered St. Elizabeth Medical Center for treatment.

She did not qualify for unemployment checks, first because she was employed by the Granite City office, and second because unemployment rules require applicants to be immediately available to go to work, not ill.

The woman received a total of \$149 in unemployment benefits for three weeks, while simultaneously receiving \$60.15 per week from sick pay, Rauch said.

While she was in the hospital, and during her subsequent recuperation, someone at the unemployment office had to process her requests for unemployment benefits and feed them into the computer, which issues the checks, he commented.

Rauch said he completed his report in the first or second week of February and submitted the final report to Mrs. Miller, who is responsible for determining what actions should be taken. Mrs. Miller said it was "a lengthy report with lots of documents" which she reviewed and decided to reprimand those in the office who were involved in the incident.

The employee did return \$149 "overpayment" soon after the incident came to the attention of state investigators, she added.

"I am inclined to accept the recommendation in the report to send letters of reprimand to those in the

office who were involved, and to order intensive training on how to handle these matters in the future," Mrs. Miller said.

She said she believes the incident was caused by "a general misunderstanding in the office" on benefits to which employees were entitled, coupled with a new office manager who she said was unfamiliar at that time with the procedures.

The employee who claimed improper benefits was promoted by the office manager from a post of part-time adjudicator to permanent full-time adjudicator status after the state investigation started, Mrs. Miller agreed. But, she added, "The lady is an excellent adjudicator. I have reviewed her work and have found she is very good at her job."

Adjudicators decide, in questionable cases, who should receive unemployment benefits and who is not entitled to receive them.

"If she had known the rules then as well as she knows them now, I am sure this would not have happened."

"There are so many who seem to have been involved in the misunderstanding that I do not believe there was deliberate intent to defraud here," she said.

Mrs. Miller said penalties are not required by law when dealing with unemployment division employees.

"The law simply requires they repay it. Only in fraud cases can claimants be forced to pay a penalty," she explained. She said she agrees with the conclusion of Rauch's report that there was

no deliberate intent in this case, or in the prior case in the Granite City office uncovered by the state investigation. She stated that the reprimand letters "conclude the cases in Granite City."

(Continued from Page 1)

C. Require published notice and a public hearing before any local government or school district can increase property taxes.

D. Declare all mandated programs imposing new or expanded costs on local governments or school districts to be permissive only, to the extent that the General Assembly fails to fund the program.

Limitations such as he is proposing would have restricted spending by approximately 53 percent of cities and villages over 2,000 population, 60 percent of township and road districts, 50 percent of counties and 71 percent of school districts if they had been in use in 1976, Gov. Thompson said.

B. Authorize voter initiatives to roll back existing tax rates in each local unit or school district by up to 15 percent. The initiative could be placed on the ballot by petition of five percent of the registered voters in the district. A rollback question may not be placed on the ballot on a particular tax rate more often than once every two years with respect to each fund, he suggests.

No help

(Continued from Page 1)

Funds will assist Illinois education in keeping pace with inflation at a level adequate to provide a per-student increase of slightly more than seven percent in the fiscal period for both elementary-secondary and higher education."

Overall, Thompson predicted, the \$2.9 billion recommended from the General Funds for education can meet the following goals:

1. Permit school districts "full access" to their maximum state aid under the resource equalizer formula at a cost of about \$20 million more each year during a two-year phase-in.

The action, recommended by the State Board of Education and supported by Thompson, will "make the formula more fair, and lower the incentives in it which drive property taxes upward," he commented.

2. Eliminate end-of-year adjustments to state aid payments, which consistently have drawn criticism from school officials. More than 500 districts were hit by the adjustments during FY 79. The two-year phase-in the governor supports would cost between \$25 million and \$30 million a year.

3. Increase the elementary-secondary per-pupil support level above \$1,310, the present level.
4. Raise salaries for higher education employees.

5. Fund the university retirement system at the gross payroll level.

The governor's recommendation for the two million pupils in elementary and secondary education totals more than \$2 billion for FY 80, up \$81 million over FY 79 spending, "an increase of

7.1 percent per pupil." Quad-City educators say this assertion is highly misleading. Other than earmarked funds, downstate districts will get \$17 million more, a rise of only one-half of one percent, they say.

Total General Funds spending for elementary-secondary education is nearly 30 percent of all spending. The FY 80 budget represents the first time that recommended appropriations for higher education will exceed \$1 billion, an increase of \$68.2 million, or 7.2 percent over expected FY 1979 spending.

General Fund appropriations recommended for FY 80 for higher education are \$55 million, or 6.6 percent, more than in FY 79 to serve more than 680,000 students in degree credit programs at the state's 51 community colleges, 13 public senior universities and more than 100 private colleges and universities.

In addition to the funds Gov. Thompson has recommended for education, he said an additional \$23 million will be available for education when the Regional Transportation Authority repays a loan from FY 74, which is to be repaid by Jan. 1, 1980, under the law.

When the RTA's loan repayment arrives, the governor said, \$14 million will be recommended for elementary-secondary education use and \$9 million for higher education.

The remainder of the \$34.7 million loan will be credited to the RTA in lieu of state road fund payments for the student half-fare subsidy program, Thompson said.

Prosecute

(Continued from Page 1)

him pending further investigation and Tuesday's charge.

On Monday, officers checked the area and discovered lawns had been torn up at 3201, 3211, 3215, 3237, 3250, 3254, 3258 and 3263 Kilarney Drive, 3228 and 3239 Zippel Ave., and 3112 Edgewood Ave. by a car having the same tire width and distance between tires as Krause's car. Plaster casts of tire tracks were taken prior to his arrest.

Police also discovered tire tracks at 3238 and 3242 Kilarney, and filed a related property damage charge against a youth last week.

Still another set of tracks was found at 2352 O'Hare Ave., indicating that at least three cars have been driving in yards in that neighborhood, including the cases solved by this week's arrest of Krause.

Reports next were received of tire ruts in yards at 3221, 3224, 3225 and 3240 Newell Ave., and Charles Parkinson, 3224 Newell Ave., said he heard what sounded like a Volkswagen drive through his yard.

He looked outside and saw another car, a Ford or a Mercury, driving through other yards on his block.

At 1:40 a.m. Wednesday, the pickup truck of David L. Heath, 24, of 2823 Lincoln Ave., became mired to its axles in mud in front of the home of John Evanoff, 11 Wilson Park Lane, and police were called.

They discovered damage to Evanoff's lawn and the adjoining lawn of Gary Hitt, 9 Wilson Park Lane. Heath and a passenger in his truck, Michael

A. Millsap, 34, of 2210 Edna St., were charged with two counts of criminal damage to property and were released on \$200 cash bond each.

Lee Bing, 3004 Indiana Ave., also reported his yard had been damaged by an auto.

Granite City High School South Principal James Dumont told police a student at his school had confessed to driving through Dumont's home lawn and said he has agreed to repair the damage, so no criminal charges will be filed.

"I do not understand why this is happening, but we will not allow it to continue," Chief Veizer said.

"I pledge that everyone caught driving through yards will be charged with criminal damage to property and will be held responsible for the actions."

"Several of our men have been assigned to investigate these incidents. And our officers on patrol have been notified to watch carefully for such occurrences — and to respond immediately to complaints of this type and try to catch the drivers responsible," Veizer concluded.

In addition to the four persons who have been charged and the one who will repair a lawn, a sixth individual has been identified.

Saying his car was forced off the road by another auto and into a yard, the sixth youth was released pending determination of whether it was accidental or intentional that his vehicle entered the yard. The car became mired.

Co-pastorate

(Continued from Page 1)

Monmouth, Ill., in 1977.

Rev. Mory has done post-graduate work in Vienna, Austria. While in the seminary, he received experience in several field education positions: St. Louis County Hospital under the supervision of the Rev. Timothy Toohy; St. Paul United Church of Christ, Columbia, Ill., where Rev. Mory spent a year as intern under the direction of Rev. William Greenert, and Emmanuel Episcopal Church, Webster Groves, under the supervision of Rev. Robert Skinner.

Rev. Mory served as interim pastor of both St. Peter and St. John United Churches of Christ in Granite City.

He was ordained into the Christian ministry on Dec. 3, at St. Paul United Church of Christ in Columbia.

The co-pastorate is an innovative

concept in ministry. Two pastors comprise a team ministry, each assuming responsibility for his field of expertise, administration or Christian education.

The pastors are on an equal professional plane, neither having authority over the other, each works in cooperation with the other in general pastoral duties such as administering holy sacraments, providing counseling, preaching, confirmation instruction, and calling.

Currently, the Pulpit Committee at St. John is reviewing profiles of candidates for the administrative position. Until the administrative pastor is hired, Rev. Mory is being assisted by Interim Pastor Sheldon C. Doyel. She resides in University City.

'Super U.S. board' plan despite cost-cutting mood

Press-Record Washington Bureau
— If Cong. John N. Erlenborn has his way, President Carter's proposed Department of Education would be replaced by the Department of Public Education and Youth. The Glen Ellyn Republican thinks that by dropping the "and" from his title, it would make for a more apt acronym — "DOPEY."

While being facetious about the name, Erlenborn is deadly serious about his opposition to creating a new cabinet-level department to house many of the federal education programs. He believes it would become a sort of federal "super school board" which would end up usurping the educational prerogatives of local school boards.

From his viewpoint, governmental agencies are elevated to cabinet status for one basic reason — to give them greater policy-setting powers.

"A separate department means more direction," Erlenborn said. "The best thing we can do to help education is to give it the funds. But to plan the educational process, to get into curriculum — selection of textbooks and course construction — is absolutely wrong."

"Up until now we have been pretty careful to avoid that. This move would signal our intent to move into that area," Backers of Pres. Carter's idea, which include the National Education Association and the National Association of School Boards, disagree.

Supporters say an umbrella is needed for the hundreds of different federal educational programs now scattered through more than 40 different agencies. A cabinet-level department would provide focus, coordination, a stronger voice and more money for education, backers say.

But for Erlenborn, they might have succeeded with those arguments last year. Most of the debate last year centered on just which federal education programs should be in the department, not whether it should be created.

It breezed through the Senate and cleared the House Government Operations committee, where Erlenborn is the second-ranking Republican, 27-15. But time ran out. Erlenborn and a small group of other foes of the department kept the issue from reaching a floor vote — where it would have been approved — by a series of late-in-the-session delaying tactics, including introduction of nearly 100 amendments.

The DuPage County legislator is not without allies in the fight. For Erlenborn, usually at odds with labor, it has

produced a strange political union. Both the AFL-CIO and the American Federation of Teachers share his feelings that the department would lead to federal domination of local schools.

Neither proponents nor opponents have scored many points outside the educational community. Probably viewing it as another bureaucratic baffle in Washington, the public has paid scant attention to the issue.

Erlenborn has had little reaction, but hopes to change that. He has been speaking out more on the subject and sending information to national columnists. And he expects that the AFT and the AFL-CIO will continue to be vocal in their opposition.

Erlenborn sees breaks in the ranks on the other side. While the national association of school boards supports the department, some state affiliates, such as the Pennsylvania School Board Association, are opposing it.

Although the NEA has been a strong supporter of the department, many individual teachers who are NEA members do not share that feeling. And the Carter administration's ranks are not solid, either.

The nucleus of the proposed department would come from the education division of the Department of Health, Education and Welfare. HEW Secretary Joseph Califano, who would lose a sizeable segment of his empire if education were removed, is in a touchy position since it is the president's proposal.

"Publicly, he has to be for it, but privately he is opposed to it," Erlenborn said. "I do not think you will find him up here on the Hill buttonholing members to vote for it."

Each administration sees this support for the new department in the Government Operations Committee — where he said the battle lines will be drawn if, as he expects, the bill clears the Senate in March.

Democrats who felt they had to give the president or the NEA a vote last year are not enthusiastic about going for it a second time. In addition, the committee composition is different. Erlenborn believes all of the six new Republicans and at least one or two of the three new Democrats on the committee will oppose the department.

He also counts in his favor the cost-cutting mood of the nation, as well as growing support for reducing government intrusion into both the private sector and local governments. If his mathematics are wrong and the bill clears the committee, he concedes that his efforts to block the new department would be in jeopardy.

Inspiring performance by GC artist who loves to sing

Guest comment by Mrs. William F. Ledbetter of Granite City — For the 35 or more Granite Cityans who drove to Fontbonne College Sunday evening to hear the St. Louis String Ensemble conducted by Carmine Piccolini, with soloist artist Mrs. June Nightwilde Branding, it was an exciting evening of listening.

MUSIC is the divine art which links one generation to the next; hearing the music of the great composers in live performance is always an inspiring experience.

Not everyone is gifted with the ability to sing music of this caliber and to sing it well. Mrs. Branding, a district winner of Metropolitan Opera

auditions, has once again chalked up another success. She sings with assurance and conveys to her audience what she can already see and hear — that she does love to sing.

She was well received with three standing ovations from the entire audience, and rewarded them with three encores. Her husband, Richard, her sons, her father, family and friends can justly be proud of her accomplishments.

With artistic representation such as this, the people on the west side of the Mississippi River should no longer ask, "Where is Granite City?" Bravo, June! Isn't music wonderful?

Cut costs, don't raise fuel tax or license fee — Dixon

Illinois Secretary of State Alan J. Dixon — Despite continuing inflation, I am cutting my budget more than a million dollars and reducing the payroll by 150 jobs in the fiscal year beginning July 1.

Illinois roads are deteriorating, but I oppose the proposed raises in gasoline taxes and vehicle license fees to replenish the road fund.

We have switched to a multiple-year license plate for passenger automobiles, which will save \$21 million in the first five years. How can we tell motorists we are saving them \$21 million, and go on to tell them they must now pay more for the plates?

Government costs are growing out of hand and must be reduced.

We have taken a hard look at our budget, and are reducing our proposed expenditure of state funds by \$1,023,000, about one percent from the current year.

It is a reduction in hard dollars,

more than a slowdown in spending. It is a shift into reverse. We are reducing the number of authorized jobs in the office from 3,990 to 3,840, mostly by attrition. We will be doing more work with fewer people.

We are reducing our own proposed appropriation from the road fund by \$2.2 million, a 3 1/2 percent cut. Again, this is a cut in hard dollars, not simply a cut from what we would need to keep step with inflation.

Our office collects \$300 million a year for the road fund and appropriates only \$60 million from it. The other \$240 million stays in the treasury for other road-related uses.

While cutting costs, my office is providing many new services and programs. An example is my plan for auto theft prevention, which aims to close down illegal "chop shops" of professional criminals by shutting off their market for stolen auto parts.

Increased park activity proposed

To the Editor:

There will be two Park Board positions filled this spring. The usual number of candidates will appear on the ballot.

These candidates vary from the politically ambitious, to persons seeking preferential treatment for their special sport or program. These are not the types of people we need for park commissioners.

The people on the Park Board should be knowledgeable and have concern for the entire community.

They should be concerned enough to see that everyone who wishes gets something of interest, and yet do this under our current park budget.

I have been asked, "Why are you running for park commissioner?" I am running because I have the concern and the working knowledge of the park and its programs.

Over the last 12 to 13 years, I have worked as a park guard, supervised the ball diamond crews, worked at the ice rink, and managed the Lincoln Place Community Center.

I was against the "wave tech" swimming pool bond issue. I felt the cost in increased taxes and undesirable elements from all areas would create more harm than good to our community.

I don't want to ruin the parks' appearance. Let us

Take time to solve complexities

To the Editor:

The fast-moving School Board did not give the taxpayers enough time to get everyone involved who is responsible for the deficit of money — local, state and federal people.

The suggestion of the School Board to close one, two or three local schools is not the proper answer.

These three schools weren't the only ones which have responsibility for this deficit in our school money. Why punish only three? Why not study other alternatives? Why not a postponement until more answers can be found?

A few years ago, the School Board floated a bond issue for a new high school. Do we need the North High School now?

What about the new junior high, Grigsby?

If we are going to cut costs, let's study other alternatives. Yes, all of us can look back and second-guess, but the School Board members were elected by the taxpayers public to do a job. Was that the right move — to build a new high school and junior high?

Now, the board, with only one week for the public to respond, jumps on this bandwagon suggestion of closing one, two or three schools. Why? Was another bad move made somewhere?

I am against closing any school at this time. The problem that may arise from this decision, which is to be given by the School Board this Tuesday night, March 6, is numerous. There is not enough time for a long feasibility study of the issue.

Can you imagine studying this major decision for only a month? Would you make a decision like this in only a few weeks' time?

Isn't the School Board obligated to do more studying, and let the taxpayers write and comment to the governor, senators and representatives of Illinois demanding more, or at least our share of money for this school district?

All three schools that were mentioned for closing all have good reasons for remaining open. Some have better reasons than others.

Some problems are: busing, small classrooms, putting grade school children (5th and 6th grades) in with more mature junior high school students, which may have lunch, gym and activities at — Prather or Logan.

There is one area going to five different schools in the Pontoon Beach area, the closing of one of the high schools or junior high at Grigsby, the proposed 19th Street overpass and the

leave as many trees and open areas as possible.

I also feel that something needs to be done where the ice rink is concerned. Attendance records show that fewer children are ice skating now. The ice hockey program is down to 150 children or so playing hockey.

We must get more children involved. With more children playing many things, we would reduce the financial burden it has put on the parents. As it is now, the cost is forcing some people away from the program.

We should institute programs for the public so the ice rink doesn't have to sit idle from five months each year. We possibly could have volleyball or basketball or some types of family involvement during those months.

Over the years that I have been with the park, I have seen many families. Now they are married and raising families of their own.

I would like to see these people come to the park and donate their time and energies just as others did for them. This would guarantee programs that would be instrumental in shaping their children's lives.

If my concern has come through in this letter, those who are as concerned as I will show that by voting April 17.

JACK HOOD
2809 Madison Ave.

Take time to solve complexities

promise of more industrial growth in the vicinity of the Washington School area.

Each one and many more conditions should be considered in this problem. We are not closing down one, two or three schools and make a big mistake like was made on the building of a new high school and junior high; both are not needed now, but you and I are paying for them, and will continue paying.

PARENT-TAXPAYER

University of Illinois President John E. Corbally will be interviewed by three recent graduates in his annual telecast and broadcast to the people of Illinois. Two of them are former Granite Cityans.

The program will be the eighth and last in the series of his annual messages since he assumed the presidency of the university in 1971.

Corbally will resign as president this summer to return to teaching and research.

Television and radio stations throughout Illinois and neighboring states will carry the program. It will be aired in whole or in part by Radio Stations

KSTL and KXEN here at 2 p.m. March 20 and KSHE on an unspecified date; and on television stations KPLR, KSD and KTVI at times and dates to be announced.

For "conversation with Corbally 1979," Corbally will be joined by graduates from each of the university's three campuses.

The conversation will include Georgia S. Evans, Hillsboro, a 1972 graduate of the Urbana-Champaign campus; James E. LeGrand, Champaign, who earned his M.D. degree at the Medical Center in Chicago in 1973; and Barbara Filfield LeGrand, Champaign, a 1971 graduate of Chicago Circle.

Mrs. Evans, who earned a

School board in best position to decide on cost cut methods

To the Editor:

I attended a public meeting Tuesday, Feb. 27, at the community high school auditorium called by our Board of Education to discuss the financial crisis of Granite City Community School District 9.

It was my understanding that the purpose of that meeting was to determine the public's sentiment as to how this crisis should be approached. Various alternatives were suggested by the school administrators and the testing public.

Do we consider closing three grade schools; do we merge North and South high schools; or could the cost of services be reduced by contracting to private firms?

The basic question is how can we maintain our high level of education, performance and at the same time provide some relief to the already overburdened taxpayers?

In 1968, a bond issue was passed for the purpose of additional classrooms. If we ever knew the enrollment would increase from 14,713 students in 1968 to 20,029 in 1978.

But what has happened is a

complete reversal of our school enrollment. In that ten-year period in which the increase was projected, our enrollment has been reduced to 11,365 for 1978.

In fact, our average daily attendance is approximately 3,500 less than it was in 1968. In that same period of time, our number of certified employees — full and part-time — has increased from 759 in 1968 to 1,000 in 1978.

It was informed that approximately 82 percent of the school budget goes for salaries. This is not to say that I think the individual teacher is overpaid.

However, I ask myself, "Why do we have 144 more teachers than we had in 1968 with about 3,500 less students? Do we need the number of schools today with the drop in enrollment and, particularly, why do we have two more schools in 1978 than we did in 1968?"

I believe that a meeting to inform the public of the alternatives facing the School Board was desirable. However, I know that historically the apathy of the general public to participate in a public meeting and public affairs only when they

are directly involved, I am sure the School Board recognized that all the testimony given at this meeting was given by people who were directly involved.

I am not saying these people should not have been allowed to express themselves. What I am saying is that the School Board, by their expertise and by virtue of their elective positions, should know what the facts are to make the proper decision.

The School Board has a responsibility to the community as a whole and not only to those who are directly involved at the present time.

I believe there is no one better informed than the members of the School Board, and there is no one in a better position to determine what necessary steps are needed.

Whatever decision is made, it will not make everyone happy. But if this decision is based on documented facts, I am sure we will have the support of the community as a whole.

VON DEE CRUSE
Granite City
Township Assessor

Rights election would waste funds

To the Editor:

A bill has been introduced in Springfield which would cost the taxpayers of Illinois more unnecessary spending. The House Bill sponsored by Rep. Richard Kelly calls for a referendum on the Equal Rights Amendment.

This is another ploy by the legislature to shift responsibility from itself.

An advisory referendum is not binding on the legislature. This was proven by the referendum to limit state spending which voters passed overwhelmingly in the November election; the ballots had already been counted when the legislature gave itself a pay raise, totally ignoring the request of the voters to limit spending.

A referendum is simply an opinion poll and there have been many opinion polls done in the state of Illinois by Gallup, Harris, NBC, etc., all showing that a majority of Illinois citizens favor the Equal Rights Amendment. The voters themselves said so when they voted for

the equality clause in the Illinois Constitution (1970) and the Illinois voters on the basis of sex in Illinois. Why should we spend state funds for another opinion poll?

In the Senate hearing on the three-fifths rule which makes it necessary to have a supermajority to ratify U.S. Constitutional amendments, we heard some strong rhetoric from senators opposed to majority rule about "upholding the Constitution."

We heard some strong rhetoric from senators opposed to majority rule about "upholding the Constitution of the State of Illinois," even though three attorneys general and a judge federal court have already ruled that the legislature is not bound to the three-fifths rule by the Illinois Constitution, and that the assemblies can set their own rules.

In fact, the Senate had a majority rule for ratifying federal amendments until 1975, at which time the supermajority rule was adopted.

Upholding the Constitution is popular only when convenient.

It is not convenient for Illinois legislators to uphold the part which states, "There shall be no discrimination on the basis of sex."

It appears that the Constitution, the three-fifths rule and, yes, a referendum are all convenient tools to be used by legislators who need an excuse to vote against equality.

It is interesting to note that the legislators pushing the referendum are known opponents of the Equal Rights Amendment.

The referendum bill has been approved in committee and will soon be voted on by the House of Representatives.

Let's write our representatives in Springfield and urge them to vote "No" on the ERA referendum, before more of our tax dollars are committed to another unnecessary opinion poll.

While we're at it, let's let our senator know, too. It will come up there next.

NORMA MENDOZA
2482 Killarney Drive

Granite Cityans on Corbally's telecast

University of Illinois President John E. Corbally will be interviewed by three recent graduates in his annual telecast and broadcast to the people of Illinois. Two of them are former Granite Cityans.

The program will be the eighth and last in the series of his annual messages since he assumed the presidency of the university in 1971.

Corbally will resign as president this summer to return to teaching and research.

Television and radio stations throughout Illinois and neighboring states will carry the program. It will be aired in whole or in part by Radio Stations

KSTL and KXEN here at 2 p.m. March 20 and KSHE on an unspecified date; and on television stations KPLR, KSD and KTVI at times and dates to be announced.

For "conversation with Corbally 1979," Corbally will be joined by graduates from each of the university's three campuses.

The conversation will include Georgia S. Evans, Hillsboro, a 1972 graduate of the Urbana-Champaign campus; James E. LeGrand, Champaign, who earned his M.D. degree at the Medical Center in Chicago in 1973; and Barbara Filfield LeGrand, Champaign, a 1971 graduate of Chicago Circle.

Mrs. Evans, who earned a

degree in advertising from the College of Communications, is advertising manager of the Hillsboro and Montgomery County News.

Her husband, Jack, holds Bachelor's and law degrees from the U. of I.

Dr. James LeGrand practices internal medicine in Champaign. He did his undergraduate work at Urbana-Champaign, earning his bachelor's degree in 1969, and then enrolled in the College of Medicine at Chicago.

Barbara LeGrand, his wife, is a staff assistant in the Office of Continuing Education for Health Professionals at Urbana-Champaign. She received

her bachelor's degree in history education at Chicago Circle, doing part of her work at Urbana-Champaign. Both she and her husband formerly resided in Granite City.

A year ago, Corbally's annual message to the people also was in the form of a conversation with three students, one from each U. of I. campus.

"Because of my decision to return to faculty life at the university," Corbally said, "next year's report will be presented by someone else."

"I hope, therefore, that this year I will be forgiven a somewhat more personal conclusion to these remarks than I usually have given."

ALUMNI FROM GC with John E. Corbally, president of the University of Illinois, in his eighth and final telecast and broadcast to the people of Illinois. Corbally (left), president since 1971, will resign in August to return to teaching and research. Two of the three alumni who converse with Corbally on the half-hour program are Dr. and Mrs. James E. LeGrand. They are the son of Mr. and Mrs. Elvis LeGrand, 1616 Wilson

Ave., Granite City, and the daughter of Mr. and Mrs. Norman Filfield, 2942 Madison Ave., Granite City. LeGrand earned his bachelor's degree in 1969 at Urbana-Champaign and his doctor of medicine degree in 1973 at the Medical Center in Chicago. He now practices in Champaign. Barbara LeGrand is a 1971 graduate of the Chicago Circle campus and did some of her work at Urbana-Champaign.

Chancellor search unit is selected

The 12 members who have been selected to serve on the Chancellor Search Assistance Council of Southern Illinois University have been announced by Keith R. Sanders of Carbondale, chairman of the council.

The appointees, who are expected to be confirmed today by the SIU Board of Trustees, were selected by Sanders from 24 nominees. The appointees are:

From SIU at Edwardsville—representing faculty: Jerome J. Hollenhorst, professor of economics, and Vera E. Sappington, assistant professor of health, recreation and physical education; representing students: Kathleen D. Chappell of Alton, a graduate student in the master of business administration program. Representing administrative-professional staff: Margaret Bohannon, resident life coordinator in Student Housing; representing civil service employees: Ruth Edison, administrative aide in the Office of the Vice President for Business Affairs; and representing alumni: Franklin L. Akers, Wood River, director of community relations for WRTN Radio.

From SIU at Carbondale—

representing faculty: William M. Herr, professor of agriculture industries, and William E. Simeone, professor of English; representing students: Ricardo Caballero-Aquino, graduate student; representing administrative-professional staff: Barbara Spears, manager of Personnel Services; representing civil service employees: Rosia Kerrens, food production manager for Campus Housing; and representing alumni: Roger Gray, Cobden, president of the Cobden First National Bank.

The appointees met Wednesday with Sanders in Carbondale to discuss procedures for the search for a chancellor for the SIU System. Sanders said development of a prospectus also will be discussed, and subcommittees will be appointed.

After lunch, the group toured the SIUC campus. Today the council is scheduled to meet with the Board of Trustees, and the council then will hold another meeting on organization and procedures.

Subcommittees of the council will meet this afternoon at Carbondale.

The search group has set July 1 as a target date for

finding a chancellor, a position created Feb. 9 as a result of a new SIU system governance arrangement approved at that time. James M. Brown, general secretary of the system, was named acting chancellor, and the two SIU presidents now report through him to the Board of Trustees. April 16 is the deadline for applications and nominations for the position of chancellor.

FILE LIQUOR CHARGE

John L. Ishum, 21, of 2223 14th St., was released Sunday on \$70 cash bond, with notice to appear in court in Granite City March 16, on a charge of illegal transportation of liquor in the 2200 block of Rhodes Street, Madison. Police alleged finding a large quantity of beer in a car, with some cans open. A 14-year-old girl was charged with curfew violation and was released to her parents.

William Gerdes dies at 71

William F. Gerdes, 71, of Worden, Ill., father of Edwin Gerdes of Granite City, died at 9:50 p.m. Tuesday at the Community Memorial Hospital, Stanton, Ill. He was a lifelong resident of Worden, and was a member of Trinity Lutheran Church in Worden. Mr. Gerdes also belonged to Worden American Legion Post 564. He was employed as a

meatcutter for Behme's Market in Worden for 20 years prior to his retirement in 1977. Other survivors includes two grandchildren. Funeral arrangements are given in the obituary column.

Deadline for Youth Corps

March 15 is the application deadline for youth interested in working at the 1979 Youth Conservation Corps project site at SIUC this summer. Twenty-two youths from Madison County, ages 15-18, will be hired to develop an environmental study area. Workers will improve the existing environmental nature trail on campus, extend the bike-jogging path, and add an exercise course. Eleven men and 11 women will be hired for the two-month project at \$2.90 an hour for a 30-hour work week. An additional 10 hours each week will be used for recreation, including optional field trips. Employment applications can be obtained from local

high school counselors or from Robert Williams, assistant professor at SIUC and project director, 692-3082. Completed applications must be sent to Washington, D.C. by March 15. Applicants will be selected on the basis of random zip code numbers, Williams said.

Rites held for Orbra Rogers

Funeral services were held Tuesday afternoon at a Granite City funeral home for Orbra H. Rogers, 57, of 322 Franklin Ave. He died at 10 a.m. Saturday at Firmin Desloge Hospital, St. Louis. Born in Salem, Ark., he was a Granite City resident for 52 years. Mr. Rogers was employed 27 years as a mail carrier at the Granite City Post Office and was a member of the Masonic order. Survivors includes his wife, Mrs. Dorothy Rogers; one daughter, Miss Leah Ellen Rogers; three brothers, Orace Rogers, Rockford, Ill., John Rogers, Maryville, Ill., and Olen Rogers, Granite City; four sisters, Miss Bertina Rogers and Mrs. Lester (Barbara) Pittman, both of Granite City, Mrs. Edward (Wilma) Serini, Tualatin, Ore., and Mrs. Leovina Ryno of Chesterfield, Mo. Burial was at Sunset Hill Cemetery.

Philippians 1:21... "For to me to live is Christ, and to die is gain."
All over the world today we are receiving reports of fanaticism. In some cases it is very commendable. In others, very tragic. I am sure you know a fanatic is one who will go to any extreme even sacrificing his life, to achieve a specific goal.

I have been impressed with only one such fanatic, the Apostle Paul. He did not blow his own horn, or pat himself on the back. He did not demand, coerce, or cajole. He made a simple statement, "For me to live is Christ, and to die is gain." Then he devoted his entire life to conform to his confession of faith! That impresses me. His life was his best sermon.

Would you be willing to deepen your commitment to Christ? Today?

Food stamp procedures

Despite the U.S. Department of Agriculture's efforts to educate the public on minor changes in the new food stamp program, many food stamp shoppers and grocery retailers are still having trouble interpreting the new law and regulation.

Len Mart, chief of the Coupon Use and Redemption Section in the Midwest region's Food and Nutrition Service, said confusion about the new law primarily concerns the return of cash change for purchases made with food stamps, the use of food stamps to pay bottle deposits and the rule concerning return of cash for "cents-off" (discount) coupons.

Under the new law, food stamp shoppers can now receive cash change from retailers up to a certain amount after completing a purchase.

Mart explains that "under the new regulations, if a food stamp customer has 99 cents or less in change coming, he must now be given cash. For transactions that require more than 99 cents, recipients will be given a combination of \$1 coupons and 99 cents or less in cash."

Prior to Jan. 1, food stamp shoppers received tokens, coupons or credit slips instead of cash.

Food stamp shoppers may now pay retailers in food stamps on eligible food items, and retailers are now allowed to redeem "cents-off" coupons from food stamp customers the same way they do for cash customers.

Mart explains, "This may involve the return of cash to food stamp customers in exchange for coupons. We provided the store handles coupons in this manner for cash customers."

Another rule change is that food stamp shoppers may no longer purchase hot foods with food stamps.

Any grocery store food item that is hot at the time of sale cannot be purchased with food stamps, as food stamps are intended to help low-income people buy food for preparation and consumption at home.

Need items for book fair, sale

Small appliances, household items and books of all descriptions are being sought by the Association for Protection of Animals for its annual white elephant sale and book fair.

Marsha Shea, project chairman, said the benefit event is planned for the end of March. Details concerning the location, date and times will be announced shortly.

The non-profit humane group says that clothing not being requested for the sale.

Pickup service for those willing to donate items may be arranged by calling 876-6388 or 876-1436.

Proceeds will be added to a special fund to construct a shelter home for unwanted, neglected and abused pets, Mrs. Shea said.

Marijuana seized—valued at \$700,000

When Illinois State Police Trooper Wendel Barr stopped a van for speeding on Interstate 270 near Route 159 north of Maryville Monday night, he did not suspect he was making one of the largest marijuana hauls and arrests in this area in years.

After stopping the van for speeding, Barr looked in the

Arrest three behind store

Three Pontoon Beach teenagers were arrested behind the Farm Fresh Dairy Store at 3700 Nameoki Road at 11:45 p.m. Friday and were charged with theft and criminal trespass to property for allegedly stealing bottles.

A witness alleged seeing youths removing bottles from the fenced-in area at the rear of the store and called police. Officers saw two youths outside the fence, carrying empty bottles toward an auto.

One fled on foot toward Nameoki Road and escaped. A 16-year-old was captured at the scene. Officers then alleged seeing Jeff Ray Wadell, 17, of 11 Victoria Drive, inside the fence, attempting to climb out. He was arrested and taken to the Granite City Jail.

Officers questioned the two and another 16-year-old boy was subsequently arrested at his home at 1:50 a.m. Saturday, with the assistance of Pontoon Beach officers.

The juvenile boys were released on notices to appear before juvenile authorities and Wadell was released on \$70 cash bond.

windows and saw 35 bales, wrapped in burlap. The bales turned out to be about 1,700 pounds of marijuana with an estimated street value of \$700,000, authorities said.

The driver, James R. Siffer, 31, Paris, Ill., was charged with unlawful possession of marijuana and was taken to the Madison County Jail at Edwardsville. The Illinois Division of Criminal Investigations (DCI) has been put in charge of investigating the origin of the marijuana.

Faces two charges after disturbances

Edward W. Dean, 25, of 825 Madison Ave., Madison, was charged with criminal damage to property and battery after a disturbance at the home of George Meade, 2500 rear Lincoln Ave., about 2:50 a.m. Sunday.

Meade's wife, Jama, and Dean's wife, Joyce, said they went to the Upper Level Lounge, 19th and State streets, where they saw Dean "getting into a fight."

Mrs. Dean said she helped break-up the fight and she and Mrs. Meade left the tavern.

Enroute home, Dean's auto allegedly followed and bumped the rear of Mrs. Dean's car several times. The two women got to the Meade home, jumped out of their car and ran inside, but Dean allegedly followed them and forced his way inside.

He allegedly pushed George Meade out of the way, walked to his wife and struck her with a fist. Meade said he got his gun, but then decided not to shoot, so he put it down. Dean then allegedly struck Meade.

Those present also alleged Dean refused to leave, tore the curtains from a window and broke an end table before police arrived and arrested him.

ATTEMPTED BURGLARY
Chris Kacalief, 1301 Iowa St., Madison, discovered that between 4:30 p.m. and 9:25 p.m. Monday his home had been entered through a window. A television set had been moved and left by a door.

Madison Junior High poster winners

In observance of National Physical Education and Sport Week, March 17, a poster contest was held under the direction of Waneta Graham, physical education teacher, at Madison Jr. High School.

The topic for the contest was "Get Moving, America." The purpose of the contest was to emphasize the importance of physical education, sports and recreational opportunities in the school and the community.

National Physical Education and Sport Week is sponsored annually by the American Association of Health, Physical Education and Recreation.

The posters were judged by Marguerite Connoe, assistant curriculum director, Nancy Polson, art teacher in Madison schools and Joyce Walker, Madison Jr. High.

Seventh grade winners included Gayla Stone, first; Kim Goes, second and Amanda Burns, third.

Honorable mention went to Regina Banks, Tommy Miller and Dickie Riley. Dawn Waller, eighth grader, received first in her grade level with Gayle Johnson earning second, and Ruth Jacks, third.

Those receiving honorable mention were Donita Haynes, Terry Guest and Millie Caldwell.

Lucy Tueth new 'Y' program director

The Tri-City Area YMCA has announced the addition of Mrs. Lucy Tueth to the YMCA staff as program director. Mrs. Tueth and her husband, Matt, reside in this area and have been involved in recreation and social agencies for several years.

She is a recent graduate of Southern Illinois University at Carbondale in recreation, and was employed most recently with the Alton YMCA program staff.

As program director, she will be responsible for the women's fitness programs, non-physical programming, and camping and youth activities.

"The YMCA is fortunate in having a director with such extensive educational experience" and background. Area citizens are encouraged to contact Lucy and join the growing women's programs at the YMCA. Paul Greenleaf, executive director of the YMCA, said in announcing Mrs. Tueth's hiring.

Over 450 people attended the Uniwah Chapter, Order of the Arrow, pancake day Sunday, held in the St. Elizabeth school cafeteria. The Arrow is a national brotherhood of scout campers. Funds earned by the annual project will be used to further the camping program in the Cahokia Mound Boy Scout Council.

ABLE SPELLERS. The following are winners of the Nameoki School spelling contest. Left to right are Lisa Barr, alternate for 4th and 5th grades; Brandi Baker, alternate, 2nd and 3rd grade; Pam Robeff, winner, 6th grade; Rachel Coleman, alternate 6th grade; Lauren Jacobs, winner, 2nd and 3rd grades, and Jeff Parnell, winner, 4th and 5th grade.

Matchells leave for Arkansas

Mr. and Mrs. Lloyd (Lorene) Matchell of Granite City were honored at a farewell dinner party last week at Grace Baptist Church.

The couple left during the weekend to reside in Hot Springs Village, Hot Springs, Ark.

Matchell retired last week from Granite City Steel, where had been employed for many years.

Both are members of Grace Baptist Church.

Among those honoring Mr. and Mrs. Matchell were: Mr. and Mrs. Arnold Buescher and sons, Tim and Kevin, and Mr. and Mrs. Don Whitehead and daughter, Christy, sons-in-law, daughters and grandchildren of the honorees.

Mr. and Mrs. William Woodward, parents of Mrs.

Matchell; Mrs. Mildred Fleenor of Cuba, Mo., formerly of Granite City; Mr. and Mrs. Garland Richardson and son, Rusty, and Mr. and Mrs. C. B. Woodward, all of Granite City; and Mrs. Carolyn Hester and children, Kara and Kent, and Mrs. Wanda Berry, all of Collinsville.

STEAL MICROWAVES

Four microwave ovens were stolen from unfinished apartments in a six-family building under construction at 1 Briarcliff Drive, it was discovered Monday. Door knobs were broken from four apartment doors and the ovens were removed. The loss was estimated at \$1,300, including \$100 damage to the doorknobs.

HAWAIIAN DANCES are performed by leaders and Girl Scouts from Mitchell School as part of the entertainment for the "Thinking Day" affair hosted by Neighborhood Five. There were 350 Girl Scouts, leaders and parents present for the annual program held in Chouteau Township Hall.

ALL NATIONS are represented by posters created by Girl Scouts in Neighborhood Five for the observance of "Thinking Day." The event was held in the Chouteau Township Hall and attended by 350 people.

Girl Scouts mark 'Thinking Day'

Girl Scout Thinking Day, designed for all Girl Scouts to give thought to scouts in other countries and their activities in conjunction with the scouting movement, was celebrated by Neighborhood Five at the Chouteau Township Hall.

Mrs. Margot Clements, chairman of the event, introduced special guests, Myra Parrish, Nancy Pelikan and Vivian Byer, followed the flag ceremony presented by members of Troop 303.

To open the entertainment for the day a fashion show featuring old uniforms from 1930 through 1975 was modeled by the following group.

Kathy Barnhardt and daughter Shelly, Sandy Hagen and daughter, Shawnette, Vivian Byer, Kati Baugh, Joyce Churchill, Barbara Reuter, Margaret Groboski, Shirley Nobus, Mary Brown and daughters, Elaine and Jennifer, Gail Newberry and Shelly Scherrills.

Russian, Polish, Hawaiian and German apparel was worn by Linda Kondrich, Dianne Baker, Georgia Simpson and Mrs. Clements. Continuing the theme of world wide topics "Something Oriental" was displayed by Katie Wilson.

A parade of international flags was led by Girl Scout troops from Johnson School. Brownie Troops 1071 and 303 performed American folk dances, and G. F. Venturi.

dances and St. Elizabeth School scouts sang a variety of Girl Scout songs and taught a new song to those attending.

Girl Scout emblems from India, Israel, Great Britain,

Denmark, Columbia, Mexico, Korea, Germany and Finland was exhibited by Troops 151, 905 and 123 from Maryville School. The slogans were read by the leaders and girls in each of the native languages.

Mitchell School scouts and leaders dressed in Hawaiian grass skirts, leis, flowers and dresses to present several dances.

Troop 321 sang the blessing prior to refreshments served to 350 by members of Troop 123.

After retirement of the colors by Troop 303 all joined in singing taps and were dismissed by Mrs. Clements.

FREE PROGRAM AT SCHOOL FOR ARTS

Young people with talent — in music, visual arts, dance or drama — who want to develop their skills and abilities can achieve their hopes in a new tuition-free program at Midtown Community School for the Arts (CASA), 3207 Washington Ave., St. Louis. The school has launched a talent hunt for 25 young people, elementary school age through high school live in the metropolitan area, including Illinois.

The students will be given the opportunity to study with professional practicing artist-teachers in a friendly, developmental atmosphere. Since the free program is limited to 25, early registration is being advised by Mrs. Judy Brockett, (314) 535-7576.

GRANITE CITY GRANT. For School District Nine, B. J. Davis, superintendent, has been presented a grant to improve occupational education programs for special needs students. The Edwardsville School District, led by Supt. Roy Olive, awarded the grant as a member of the Illinois Network of Exemplary Occupational Education Programs for Handicapped and Disadvantaged Students. Gerald A. Webb is the Edwardsville project director and Tom Holloway is the Granite City grant coordinator. In the picture, Webb on the right is extending the grant payment check to Holloway. In the center is Hazel Loucks, in-service coordinator for the Edwardsville project.

Ex-employees form O'Bear Nester Club

O'Bear Nester Glass Company officially closed its doors Jan. 31, resulting in unemployment for more than 60 people, some of whom are from the Quad-City area.

Among those now seeking new employment are several women who worked together for many years at the East St. Louis plant and decided to continue their previous on-the-job relationships by forming a club.

Jo Burgener, 5404 Maryville Road, initiated the club's organization by entertaining the women at her home this week.

All attending agreed to retain the close ties with one another, friendships that have built up over the years, and the club was formed. Officers were elected and the group chose the name OBN Club for the new organization.

Mrs. Burgener was named president.

Also elected as the club's first officers were Darlene Franke of Cahokia, vice president, and Theola Garcia of Granite City, treasurer.

Women employees of O'Bear Nester primarily were responsible for packing and inspecting bottles produced by the firm.

Economic conditions, combined with use of more and more plastic containers by industry, forced the Indianhead Corp. to close the East St. Louis plant after 88 years of glass container production.

The plant manufactured bottles for Pepsi Cola, Coca-Cola and wine, beer and liquor, among many other varieties of glassware.

At the present time, a skeleton staff is taking inventory at the firm before the entire building complex is virtually abandoned, Mrs. Burgener said.

"We all hope our club is successful, so we can be part of Christmas giving programs, blood drives and similar community activities," the new president said.

She said the group is not planning to function solely as

a social organization.

"We have big plans and hope our membership will grow from the 20 women who have started the club," she added.

As an initial project, the members voted to hold a yard sale and bake sale in coming weeks to raise funds for future activities.

A covered dish luncheon was served and a checkers match was staged. Others attending the first meeting were Mary Brothers, Louise Hill, Bea Miller, Connie Hartline, Larky Serrano, Claudene Clavila, Loretta Hughes and "Ginger" Howland, all of Granite City.

Shirley Overmeyer, Annie Colter and Gay Volner, all of Caseyville; Mildred Sopalic of St. Louis; Marie Garner, Linda Shackelford and Mrs. Franke, all of Cahokia; Jeanette Sweet of Fairview Heights; Helen Edwards of East St. Louis; and Margie Richards of Collinsville.

Mrs. Howland will entertain the club for its next meeting at her home in Granite City.

DINTELMANN SEEKING BOARD RE-ELECTION

Two candidates filed for the Belleville Area College Board of Trustees on the first day petitions were accepted. Incumbent Robert Dintelmann and John R. Hawthorne Jr. were at the college at 8:30 to file nominating petitions. They will draw lots for first position on the ballot. Subsequent candidates will be placed on the ballot in the order in which they file. Dintelmann, a Belleville nurseman, is seeking a second three-year term. Hawthorne has not previously run for the BAC board. He is a land surveyor and engineer with Bartelbarr, Rhutael and Associates of Freeburg and lives at 731 W. Lincoln St., Belleville.

TO WED. Miss Cathy Ann Leeper and Victor Vance Reznack are planning an October wedding. She is the daughter of Mr. and Mrs. Warren Leeper, 3310 Franklin Ave.

(Hollywood-Andrew Photo)

Reznack-Leeper engagement

The engagement of Miss Cathy Ann Leeper, a daughter of Mr. and Mrs. Warren Leeper, 3310 Franklin Ave. and Victor Vance Reznack was announced at a party on the bride-elect's birthday last month.

The prospective groom is the son of Mr. and Mrs. Victor Reznack, 1524 Clark Ave.

Miss Leeper graduated from Granite City High School.

An October wedding is planned.

JOHN KREKOVICH REALTY

"Service You Can Trust"

876-2323

April wedding is planned

Mr. and Mrs. Joseph Remiger, of St. Louis, announce the engagement of their daughter, Miss JoAnn Remiger and John E. Bunk, son of Mrs. Mary Ann Bunk of Madison, and the late Leo Bunk.

Miss Remiger is a 1978 graduate of Rosary High School and is a senior majoring in business administration at Southern Illinois University at Edwardsville. She is employed by National Food Store.

Her fiancé is a 1971 graduate of Jacksonville High School. He is employed at American Car Foundries.

An April wedding is being planned by the couple.

Sr. Citizens fete birthday members

The YMCA Senior Citizens' Club held their monthly birthday meeting Friday, with cake and ice cream being served.

Those honored were Florence McFarland, Anna Michels, Cecelia Loyet, Augusta Pender, Charlotte Smith, Uneva Wuerz and Joanna Gerold.

Lester Thiele, acting president in the absence of Lucille Pierce, presided. The Rev. Harold Garrett gave the invocation.

It was announced that ballots for the election of new officers will be available at a future business meeting. Seniors were reminded of the upcoming Senior Citizens Fair, to be held March 19 at Southern Illinois University at Edwardsville.

Donations of homemade items and bakery goods for the fair are still being accepted. Friends will go to the center.

Quitting and games were enjoyed by all. A business meeting of the club will be held this Friday.

BETROTHED. Miss JoAnn Remiger, a daughter of Mr. and Mrs. Joseph Remiger of St. Louis, will marry John E. Bunk, a son of Mary Ann Bunk of Madison, and the late Leo Bunk, in April.

Girl Scout Troop plans project

Junior Girl Scout Troop 218 of Frohardt School is involved in planning future events. March activities include attending the "Find the Gift in Every Child Festival" on March 11 at Alton Square, visiting the Vanities of Fair Exhibit at the Art Museum, and attending a play, "The Cave of Jesse James," by Union Station's Theater Project Company.

The troop spent the weekend of Feb. 23-25 at the Lisetta Troophouse at Camp Torqua. The girls spent the weekend reading and choosing plays to present to their families in March.

They also baked bread, including recipes of white bread, Italian bread, cinnamon swirl bread, and hot cross buns.

Members attending were: Sheri Anglin, Rebecca Bonvicino, Melissa Burt, Lisa Johnson, Jill Kinder, Evelyn Mills, Diane Oliver, Becky Palovichik, Anne

Voyles, Jackie Wood, Kellye Worster, Angela Zentgraf, Kathy Zeugin, Suzie Boneau, Donna Schuette, and Melissa Stinson. Adults present were Judy Burt and leaders Mrs. Diane Kinder and Mrs. Sandra Pavlovchik.

TOPS Chapter fetes members

Take Off Pounds Sensibly Chapter 645, TOPS, honored Mrs. Betty Novosel as the best loser at a meeting Monday night held at the Levee Board office, 1800 Madison Ave.

Mrs. Linda Mathis received honors as KOPS winner for the evening, and Mrs. Ann Futrell was named "royalty of the week."

Each received a gift following the announcements.

An election of new officers was held with Dapha Ely elected as leader; Joan Mase, co-leader; Vea Stenitzer, secretary, and Helen Johnson, treasurer. They will assume their respective offices at the March 26 session, it was noted. The chapter meets each Monday evening from 6 to 8 p.m. at 1800 Madison Ave., the leader announced.

Sales records by Auxiliary

Thirty-two members of St. Elizabeth Medical Center Auxiliary assembled for the organization's general meeting. Following opening prayer by Irene Argelan, Auxiliary President Louise Smith conducted the meeting, which included:

—An update from Sister Mary Frances on the medical center's diamond jubilee celebration in 1979.

—A report by Mrs. Helen Bergfield on recent sales records achieved by the Auxiliary's coffee shop, as well as a report on the medical center's television rental service, which was recently assumed by the Auxiliary.

Notification that the Illinois Hospital Association will hold its next convention in Chicago.

—Election of Fran Gruber to the nominating board.

—Introduction of guests Edna Kohlbrecker and Catherine Frazier.

Betty Lindsay bride-elect

Mr. and Mrs. Robert R. Lindsay, 2100 Missouri Ave., announce the engagement of their daughter, Betty J. Lindsay to Darrell W. Pellazari, a son of Mr. and Mrs. John L. Pellazari, 707 Twenty-seventh Place.

The bride-elect is a North High School student and her fiancé attended South High School.

They plan to be married on June 9 at the Full Gospel Baptist Church.

Names daughter Shahni Natasha

Mr. and Mrs. Harold Sebastian, 3006 Nameoki Road, have selected the name of Shahni Natasha for their first child born on March 2, at St. Mary's Medical Center, Richmond Heights, Mo.

The new arrival, a girl, weighed eight pounds, eight ounces.

Grandparents are Mr. and Mrs. Max Ciland of Granite City.

4 attend DAR state conference

Mrs. Ralph Wilson, Willard Simpson and Emma Schoen, regent and Miss Ella Ray Smith of the DuSalle Chapter, National Daughters of the American Revolution 883rd Illinois conference at the Drake Hotel in Chicago during the weekend.

The Illinois DAR state regent, Mrs. Roland C. White, chaired the three-day session, keynoteed by Dr. William J. Murtagh, internationally known in the field of historic preservation, as speaker at the conservation luncheon.

At the national defense luncheon, Colonel George L. Rutland Jr. of Chanute Air Force Base spoke on "The Soviet Menace."

A state banquet highlighted the conference that evening, with Mrs. George Upham Baylies, national president general, as the speaker, followed by a reception for new state officers.

Hundreds of citizens were honored in the general session and at a luncheon. Guest speaker was Dave O'Neal, lieutenant governor of Illinois.

Mrs. Wilson was appointed state magazine advertising chairman and also the state conference page chairman for the conference to be held at Champaign in 1980.

Mrs. Emma Gobble entertains club

Mrs. Emma Gobble hosted the March meeting of the W. Five Club and served a dinner to the members present.

Playing games after the dinner were Mrs. Avis Joiner, Mrs. Della Hagen, Mrs. Carolyn Lux, Mrs. Edith Young and the hostess. Winners were Mrs. Young, Mrs. Lux and Mrs. Hagen. Mrs. Hagen invited the club to her home at 2330 Edwards St., for the April meeting.

WALKER'S JEWELRY
Call 451-4759

DEMONSTRATION of makeup techniques using organic products highlighted the Tri-Cities Secretaries Association's dinner meeting. Left to right are Kathy Jones, chapter member who served as model, Doris Smith, guest speaker, and Marsia Tebbe, chapter member.

Makeup skills viewed by secretaries' group

"Nutrition and Make Up" was the title of a program presented at last week's dinner meeting of the Tri-Cities Secretaries Association (International) at Charlie's Restaurant.

The presentation was made by Mrs. Doris Smith, who discussed the advantages of eating natural, organic vitamin tablets to maintain healthy looking skin.

Kathy Jones, a member, served as a makeup model for Mrs. Smith, who used cleansers, liquid foundation, gel blush and eye shadow, all manufactured from organic substances.

Joyce Savich, president, reported students from both Granite City high schools would participate in typing, spelling and shorthand competition Monday evening, March 5, as part of the FSA Olympics program.

Several members volunteered to assist in answering telephones March 17 during the KETC-TV Channel 9 membership drive.

A nominating committee to select the 1979-80 slate of officers was appointed. Members agreed to meet again April 5.

Lou Hemming provided the invocation before dinner.

Circle plans spring events

Our Lady of Fatima Circle 835, Daughters of Isabella met at the Knights of Columbus, with Regent Dorothy Hoedebeck presiding.

The meeting opened with prayer by Lee Reilly, acting chancellor, followed by the pledge to the flag. Mary Horvath, secretary, reviewed the last meeting.

Announcement was made of the Diocesan Council of Catholic Women meeting March 14 at St. John the Baptist Church, Troy, Ill. The Daughters of Isabella state convention will be at the Rockford Ramada Inn on May 18-20. The regent will handle reservations.

Dorothy Hoedebeck will be the delegate and Irma Manning the alternate. Diocesan regents and members' meeting will be April 7 at Vandalia.

The meeting adjourned with prayer by the acting chancellor and retiring of the flag. Games were played and a lunch was served by the committee.

Chairman was Stephanie Ruzic, assisted by Agnes Roderick, Jeanette Scannell, Margaret Rimarchik, Rose Schmidt, Helen Romanick, Agnes Schwartzkopf, Marion Ropae and Theresa Schuler. Next meeting will be April 5 at the K of C hall at 7:30.

Tin mill price hike

National Steel Corporation announced Tuesday in Pittsburgh that it will increase its prices of tin mill products on April 1, generally along the lines of those recently announced by other producers.
Tin price rises in recent weeks have been tidily approved by the federal government as non-inflationary.

Consultants are chosen

The Illinois Department of Transportation announced Tuesday that consulting firms have been selected for 12 highway projects throughout the state.
The consultants were selected this month by a special five-member committee. All firms considered must be prequalified with the Department of Transportation to insure their abilities in accomplishing project objectives.
Following are the Madison County projects, the engineering services required and the consultants selected:
Illinois Route 111, engineering services for plans for the proposed intersection improvement of Route 111 at Airline Drive, a half-mile southwest of Bethalto. Keene & Associates, Collinsville.
Illinois Route 140, engineering services for preparation of plans for reconstruction of existing bridges on Route 140 over the Penn Central Railroad and the N & W Railroad, three miles west of Hamel. Henry, Meiseheimer & Gende, Inc., Carlyle.

TALKS RESUMED

GIRL SCOUT WEEK. Mayor Paul Schuler has proclaimed March 11-17 as Girl Scout Week in Granite City. The week will mark the 67th anniversary of the founding of Girl Scouting. Pictured above, left to right, front row, are Kim Green, Diane Oliver, Mayor Schuler, Anna Oliver and Laura Boyer. Back row, Judy Evans, Myra Parrish and Andrea Oliver.

It's an upside-down world at local school

Margaret Roberts, physical education specialist at Maryville Elementary School, has an "upside downers" group.
"This is not only a fun activity, but is designed to improve balance, increase arm and shoulder strength, and assist in the learning of more complicated gymnastic skills," a spokesman said.
"The students are given points for their levels of ability."
"To balance in a handstand using the wall for five counts."
"To balance alone in a floor space for five counts."
"To walk on your hands from one side of the gym to the other side."
"The fortitude of the boys and girls is impressive. They learned the value of 'if at first you don't succeed, try-again'."
Margaret Roberts used this activity as a preliminary warm-up before the instruction part of the program. Maryville has an enrollment of 323 and many of the children can balance alone for five counts. Fourteen boys and girls can walk across the gym on their hands.

ORGANIC GARDENING WORKSHOP SATURDAY
A one-day workshop on organic gardening will be offered at the Shaw Arboretum (775-7600) of the Missouri Botanical Garden, Gray Summit, Mo., Saturday from 10 a.m. to 3 p.m.
Instructor William Davis, a naturalist on the Arboretum staff, will demonstrate soil preparation, mulching and composting. How to grow vegetables without chemical sprays and fertilizers will be discussed. Participants are to bring sack lunches; a drink will be provided.

Candidates will speak
Aldermanic candidates for Granite City's Fifth, Sixth and Seventh wards and the post of superintendent of streets will discuss their qualifications and issues at a public meeting Wednesday night, March 14, at the Knights of Columbus Hall, 2052 Edison Ave.
All are candidates in the April 3 election in Granite City.
Dewey Melton, president of the Granite City Democratic Club, said the candidates have been invited to speak starting at 8 o'clock Wednesday.
The public is invited to attend the club-sponsored meeting, hear the candidates and ask questions, Melton said.
Those running for posts on the Granite City School Board will be asked to speak at a later meeting.

VANDALIZE HOME
A new house under construction at 63 Oaklawn Drive, was looted and vandalized, it was discovered during the weekend. Clyde Boyd, 2317a Washington Ave., who is moving into the house, reported painters had left a window open for the home to air. A patio light, several light fixtures, light bulbs, knives, scissors, tape and the cover to the thermostat were stolen.

Progress Party vying for village offices

GRANITE CITY SOUTH SENIORS initiated into the National Honor Society are, left side from front to rear: John Brusatti, Ronald Landman, Kim Johnson, Sandra Doss and Glenda James. At the right, front to rear, are: Shannon Glasgow, Kathy Longos, Diane Friedrick, Brenda James and Cindy Jackovich. South seniors not in the picture are Jeanne Jackson and Twyla Lathrop.

BRECKNER HONORED
Harvey Breckner was named to the dean's list at Rockhurst College, Kansas City, Mo., in recognition of academic achievement. Placement on the list signifies a cumulative grade-point average of 3.0 or above at the end of the current academic year. A senior, he is the son of Mr. and Mrs. Audelle Breckner, 533 English, Mitchell. The independent, four-year liberal arts college is one of 28 Jesuit colleges and universities in the U.S.

\$1,000 GIFT is presented to George Hoover, left, 2503 Denver St., Monday by Avery Schermer of Schermer's Supermarket, 12th Street and Madison Avenue. (Photo-Record Photo)

DONALD PATRICK

Donald D. Patrick, 31, one of two candidates for president of the Village of Pontoon Beach in April 17 balloting, heads the Pontoon Progress Party five-member ticket.

Patrick has called for increased village leadership and progress with improved hiring and bidding procedures.

Two party tickets and one other candidate are on the ballot. Coordinated Youth Services director-counselor of the Pontoon Beach-Nameoki Township CVS office, he was born to Edgar "Pat" Patrick and Sylvia Patrick when they lived at 4016 Lake Drive, Pontoon Beach. The Patricks moved in 1983 to 3919 Pontoon Road, where they still reside.

The Pontoon Progress candidate attended Stalling, Nameoki and Frohardt schools, Central and Coolidge junior high schools and Granite City High School, graduating there in 1965.

From 1966 to 1969, he worked for the American Bakeries as a shipping clerk. While there, at age 18, he was promoted to foreman on the loading docks.

In 1969, at the age of 21, he was drafted into the Army. After service at Fort Bragg, N.C., and Fort Lee, Va., he served two years in the Vietnam war. While at Fort Lee, he was honored as the distinguished graduate.

In Vietnam, he was the non-commissioned officer in charge of U.S. Customs Military Police and Personal Property Branch for the 4th Corps, supervising four branch offices in the Mekong Delta.

On May 27, 1971, he was awarded the Bronze Star Medal for leadership action in Vietnam. In March 1972, at the age of 24, he was non-commissioned discharged, receiving the National Defense Medal, Vietnam Campaign Medal, Army Commendation Medal and Good Conduct Medal.

He enrolled in Belleville Area College, where he was placed on the dean's honor roll. In May 1974, he received an associate degree in criminal justice and applied science.

Patrick next enrolled at the University of Missouri-St. Louis, where he is now a senior, majoring in adolescent psychology and will receive his bachelor of science degree next year.

In 1972, while attending BAC, he was a volunteer police juvenile officer. He served in this volunteer position for a year until hired as a part-time juvenile officer and radio dispatcher. In 1974, he became full-time juvenile officer and public relations officer.

He organized Pontoon Beach Police Explorer Post 285 and served as its first adult advisor. He also started the annual Pontoon Beach community awards banquet, which honors and recognizes the police and fire departments. Patrick created the Pontoon Beach Medal of Valor award and the Pontoon Beach citizen of the year award.

In October 1975 Patrick accepted his position with the CVS. In 1975, he was named chairman of the Pontoon Beach Bicentennial Committee and in 1976 was appointed to the Pontoon Beach Growth and Development Committee.

Patrick in 1976 was elected president of the Lions Club of Pontoon Beach by the three remaining active members. He comments, "The club is one of the most respected and honored civic clubs in the Quad-City area today." In June 1978, he was named zone chairman of Illinois Lions District 1-G and he is a member of the board of directors of the

WILMA BOWEN

Mrs. Wilma Bowen is the Pontoon Progress Party candidate for Pontoon Beach village clerk in next month's election.

She and her husband, Edward, moved to Pontoon Beach in 1971, joining the Stallings, Grade School Parent-Teacher Association. She was elected to serve as PTA treasurer, vice-president and two terms as president.

She also served as a Stallings room mother. In 1974, and again in 1975, she was named the "outstanding PTA worker" by her fellow members.

Mrs. Bowen, 40, has served her church, Nameoki United Presbyterian, by being elected to the church session, and is an ordained elder. She was elected as church treasurer in 1976, and as church clerk in 1978. She is a member of the church choir and has taught Bible classes.

A den leader for Cub Scout Pack 98 in 1972, and again in 1976-78, she is currently serving as the institutional representative.

She served on the board of directors of the "Little Rascals" football organization and helped organize its cheerleading program.

The Bowsens live at No. 6 Sunflower Court (Quiet Valley) with their children, Gerald, 15, and Mark, 10.

RICHARD MCINTOSH

Pontoon Progress Party candidates for three village trustee positions include Richard G. McIntosh, 32.

An employee of L. J. Ross Inc., he was involved in career law enforcement for 1973 until 1978. He is a 1973 graduate of the Greater St. Louis Major Case Squad. He was elected to the board of directors to the Madison County Police Association.

He also was a patrolman and juvenile officer with the Pontoon Beach Police from 1973 until 1978. He is a 1973 graduate of the Greater St. Louis Major Case Squad. He was elected to the board of directors to the Madison County Police Association.

He served four years in the Air Force as a fuel specialist, receiving an honorable discharge in 1969.

McIntosh is a member of the Long Lake Volunteer Fire Department, American Legion Post 307, Madison County Police Association, Illinois Police Association, Illinois Umpires Association and Greater St. Louis Health Systems Agency.

He and his wife, Donna, live at No. 6 Fontainebleau Drive (Lakeview Estates). They have four children, Rhonda, Eugene, Terry, 7, and Robert, 3. The family is of the Catholic faith.

DAVID JOHNSON

David L. Johnson, 32, is running for Pontoon Beach village trustee April 17 on the Pontoon Progress Party ticket.

A machinist at Granite City Steel, he is a member of Steelworkers Local 30. Active on the Long Lake Volunteer Fire Department since 1975, he was elected in 1976 to serve as the fire department's secretary. He has been chairman of committees for the department and is serving as assistant chief of the rescue squad.

Johnson has been active in the Lake School PTA. In 1975 and 1976, he was elected as treasurer of the PTA. He was elected as PTA president in 1977.

He served in the Army starting in 1968, at Ft. Leonard Wood, Mo., and Ft. Bragg, N. C. In 1969, he was sent to the Vietnam war as a combat engineer.

He was discharged in January 1970 with the rank of sergeant, receiving the National Defense Medal, Vietnam Service Medal, Vietnam Campaign Medal, Army Commendation Medal and Good Conduct Medal.

He and his wife, Stareta (Phelps), live at 3803 Lake Street (John Glenn Meadows) with their two children, Gwynne, 10, and Brian, 6.

DEAN ROCHESTER

A former Pontoon Beach village trustee, Dean "Doc" Rochester, 52, is running on the Pontoon Progress Party for one of the board posts in April.

He holds a Ph.D. degree from Florida State University and is a professor at Southern Illinois University at Edwardsville. He serves as chairman of the counseling education department.

He was elected to two terms as village trustee, in 1968 and 1972. While a trustee, he served as chairman of the police committee and health committee and was a member of the budget and finance committee.

A veteran of World War II, Rochester holds five campaign ribbons and a presidential unit citation. His unit was one of the first to enter unoccupied Japan prior to the signing of the peace treaty.

He and his wife, Pat, live at No. 27 Westgate Drive (Lakeview Estates) and have two children, Kathryn, 22, a student at Illinois State University, and Dean Jr., 18, a student at the University of Illinois. The family is of the Episcopal faith.

Salute to Illinois nurses

"Nursing - Changing to Meet Society's Needs" is the theme of Illinois Nurses' Week to be celebrated March 11-17 in many cities across the state.

The observance, sponsored locally by District 10 of the Illinois Nurses' Association (INA), has been officially proclaimed in the state by Governor James Thompson.

During Nurses' Week, communities across the state will honor registered nurses for their continuing contributions to quality health care for all citizens. Modern nurses are highly skilled, well-educated

professionals working in many settings and capacities, and the nursing profession is changing and growing to help meet today's health care needs," Thompson said.

Nearly 80,000 registered nurses currently work in Illinois.

Through their professional organizations, the INA and Illinois nurses work together to promote passage of health care legislation, improve standards of nursing education and patient care, and recruit more nurses into the profession; 1979 marks the twentieth anniversary of Illinois Nurses' Week.

DAMAGE IS CHARGED

Gary W. Crone, 29, of 1225 Madison Ave., Madison, was arrested at the apartment of Sue Womack, 4006 Kirkpatrick Homes, at 3:50 a.m. Saturday and was charged with criminal damage to property. Mrs. Womack alleged he broke a window in a door to enter her apartment and when she returned home, he became violent, broke things and attempted to hit her with a broom handle.

THE WINNER. Engineering classmates of Karen Cooper of Granite City watch to see if her queen's post truss bridge, judged a winner for its

aesthetic design in a bridge building contest at SIUE, will also support the weight of an egg.

SENIOR ENGINEERING STUDENT

Toni Simmers of Granite City "lays an egg" on the triangular truss bridge she entered in a bridge

building contest at Southern Illinois University at Edwardsville. The egg is to test the strength of the span.

Egghead task—engineering a bridge

By MARY BRASE
Building a bridge for an egg to cross is not something engineering students at Southern Illinois University at Edwardsville expect to come up often. But if it does, they are ready.

The students have designed and built eight bridge models. All passed the egg test in competition sponsored by the Engineering Club at SIUE.

The problem was to design the longest bridge that would safely support an egg, given the same three pieces of

halsa wood.

The winners, the team of Guy Rose of Iowa and Brooks Brestal of Belleville, earned \$15 first prize for a truss span of 7.82 feet, a new record for the annual event.

Brestal said he tried to use less wood by designing the bridge with only three lengths for the span instead of four. "The design gives it more strength and saves more wood for the length."

When Rose finished building the model, the bridge was so slender the senior engineering students

had to devise a cradle sling to suspend the egg below the span.

As other students watched and "ahhhhhed" in the Science Building test ground, Rose hung the egg from the middle of the bridge, where it stayed, even after kibitzers coaxed him to take his hands away.

Second place finisher was Richard Unger, a junior from Alton, who also built a truss bridge but with two spans, two inches apart.

Unger took the precaution of testing the structure at

home where it "held pretty good the first time." His entry stretched to 7.26 feet for the \$10 prize.

Don Moore of Mitchell, who held the old record with a first-place win as a junior last year, designed a 7.13-foot truss bridge which took the \$5 third place prize.

A special \$5 prize for creative and pleasing design went to senior Karen Cooper of Granite City, who built a queen's post truss.

Judges were selected faculty members.

Nameoki fines not immense, town is told

An idea that once looked like it might produce a flood of money for the Nameoki Township Highway Department now appears more likely to bring only a few small drops in the fund bucket for Highway Commissioner Frank Mehelic's projects.

In January, township officials agreed to check into the possibility of getting fine money from Madison County for traffic violations that were committed on township roads.

It was believed the citations would produce thousands of dollars each year, which could be added to Highway Commissioner Mehelic's budget.

Mehelic's department has been plagued with money problems because of severe winters and the damage to township roads.

Township Supervisor Harold Davis asked the Madison County state's attorney's office to determine what money the township was eligible to receive. The request was turned over to Assistant State's Attorney Don Smith.

Smith will report back to Davis within the month on how much money the township can get, but he suspects it won't be much. "I would think the amount would be negligible... I would seriously doubt if they could get \$100 a month."

Smith said the county will gladly surrender any fine money the township is entitled to, but said he believes it probably will not behoove Nameoki to bother with trying to collect it.

"Most townships don't bother with it because they don't think it's worth the paperwork and bookkeeping," he commented.

Smith said the only money Nameoki would be entitled to would be from citations that were without question written for an offense which occurred on a township road. Although there are 50 miles of roads maintained by Nameoki Township, Smith said they probably won't deliver much money.

The assistant state's attorney said because of manpower problems, the Illinois State Police and Madison County Sheriff's Department cannot frequently patrol the rural roads which are maintained by the township.

But the fine amount will be boosted somewhat because of a township-funded supervisor of safety unit which operates in the Miracle Manor area.

Smith said Godfrey Township also has a township-funded patrol unit and is a much bigger township than Nameoki and yet it earns a maximum of only about \$200 each month through fine money.

So what had looked like it might be a bonanza for the township seems abruptly transformed.

Mehelic, who has already been forced to issue a \$30,000 tax anticipation warrant to operate his department this year, said he is grateful for any help. "We need any extra money we can get," he said.

IT'S QUICKER!**

3,500 teachers to see exhibits and hear talks

More than 3,500 teachers from public and nonpublic schools in Madison County will gather at Southern Illinois University at Edwardsville on Friday, March 23, to participate in a countywide "Teachers' Institute."

Regional Superintendent of Schools Harold E. Briggs said two nationally-known speakers will be featured in the Meridian Ballroom of the University Center during the 8:30 a.m. to 1 p.m. program.

Teachers may choose from over 40 optional sessions, with many local presenters. There will be over 50 exhibits of information and materials on new methods of education, books and learning tools, including audiovisual aids, on both floors of the University Center.

Two of the optional sessions, School Violence and Introduction to the Madison County Teacher Center, are the direct result of efforts to represent the teacher groups of Madison County who met throughout the year, Supt. Briggs said.

A special event again this year will be the Diffusion Display of Exemplary Programs, both in this state and nationally, in front of Opapi Lounge in the University Center.

The planning committee for the institute, consisting of representatives of every school district in the county, sought to develop a program so diversified that every certificated person in Madison County can benefit.

Serving on the planning committee were: David L. Ennis of the Roxana School District; Richard Mason, Triad; Hazel Smith, Venice; Terry Wray, Livingston; Leola DeToye, Highland; Sara Biarkis and Dennis DeToye, Edwardsville; Bob Friedline, Bethalto.

Also, Steven Hamilton, Jo Ann Bucky and James Jeffries, all of Granite City; Jacqueline Ehlenfeldt, Irma Holmes and Fred Bloss, Collinsville; James Bailey, Pete McFarlane and Roger Schleper, Alton; William Chatman, Madison; Diana Pendt, East Alton Elementary; Darrell Yearwood, East Alton-Wood River High School.

Richard Sanders, Wood River-Hartford Elementary; Norman Bohnenstiehl, Woodman; Dr. Stefan Kretniak and Juanita Gosh of SIUE; Troy Cole of the Illinois Office of Education, along with Supt. Briggs and his assistant, Ray Dragich.

All certificated teachers, whether or not employed, are entitled to attend. All nonpublic school teachers also are invited, and guests are welcome.

All public schools in Madison County, and some of the nonpublic schools, will be closed March 23 so that the teachers may attend.

Speaking in the University Center at 8:30 a.m. will be Dr. William C. Marchant, discussing "Teacher Survival Training."

Associate professor of foundations of education and counseling in the College of Education, University of Nevada at Las Vegas, Dr. Marchant is an authority on adult-child relationship systems, family counseling, non-punitive discipline procedures, program development, and elementary school guidance.

DR. W. C. MARCHANT

DR. MURRAY BANKS

He has served as consultant for inservice training, program development and psychological services in school districts in New Hampshire, Indiana, Nevada, Massachusetts, Maine and Quebec. He has been published widely.

Dr. Murray Banks will appear at 10:10 a.m., speaking on "What To Do Until the Psychiatrist Comes." He is called a "one-man monopoly" on the blending of psychology and mental health with humorous entertainment.

He has been invited to appear on stages and television in Great Britain, Australia, New Zealand, South Africa and every English-speaking country in the world.

Dr. Banks is adjunct professor of psychology, Northwood Institute, Leola, Mich. He was professor of psychology at Fairleigh Dickinson University, New Jersey and a visiting professor at Memphis State University and California State, California, Pa. He has taught courses in psychology at New York Institute of Technology and Brooklyn College.

A graduate of New York and Columbia Universities, he had one postdoctoral study in psychology at Harvard University and clinical psychopathology study at Bellevue Hospital, New York City. Dr. Banks has six books published and has recorded eight LP records.

In panel sessions, Joanne Higgins of Granite City will speak on special physical education; GC Supt. Bob J. Davis, administration; Merza Musterman and Judy Deterding, GC, on gifted curriculum; and Owen Humphrey, GC, on effective parent-teacher conferences.

Birthday party for Robin Cain

Kermit the Frog was the decorating theme at the second birthday party of Robin Cain, daughter of Mr. and Mrs. Herbert Cain, 2425 Glen Place, held during the weekend.

Refreshments were served and gifts were presented to the honoree.

Among the guests were Robin's great-grandparents, Mr. and Mrs. Larkin Conaway; grandparents, Mr. and Mrs. Robert L. Conaway and Mr. and Mrs. Donald Cain; and aunts, uncles and cousins, Mr. and Mrs. Robert D. Conaway and Laura, Mrs. Lennie Wilson and Matthew, Cheryl Conaway, Mr. and Mrs. Gary Baker, Mr. and Mrs. Leroy Parizon and David and Miss Beverly Conaway.

PARKS ARE HIRING SUPERVISORS

The Granite City Park District (877-3059) is accepting applications for baseball and softball supervisors for this summer's programs.

Duties include: the rescheduling of cancelled games, scheduling of officials, and supervising of games being played.

Applicants require about 20 hours per week and applicants are to have general knowledge of the playing rules.

The softball supervisor will be employed from May 1 through the middle of September and the baseball position will run from May 12 through mid-August.

Both positions require evening duties and some weekend work.

3 of 6 GC park candidates

DAVE NOLAN

RICHARD REINHARDT

JOSEPH MITCHELL

Dave Nolan is among six candidates April 17 for two positions as Granite City Park Board commissioner. Born in 1952, David J. Nolan has been a lifelong resident of Granite City. He is the son of Mr. and Mrs. Richard G. Nolan, 2820 Delmar Ave.

After attending Sacred Heart School and Coolidge Junior High, he graduated from Granite City High School in 1970 and earned a bachelor of arts degree in earth science and environmental studies from Southern Illinois University at Edwardsville in 1974.

He is presently a graduate student in the master's degree program for public policy administration at the University of Missouri at St. Louis, which he attends during the evening.

He and his wife, the former Janet McGarran of Venice, currently reside at 3000 Sara, Granite City. Mrs. Nolan is employed as an early childhood teacher at the Venice-Lincoln Technical Center.

Nolan has had a lifelong interest in recreational activities, having served as a Boy Scout counselor. He holds the highest scouting rank, Eagle Scout.

He was employed by the Granite City Park District for seven years, starting as a lifeguard at the Wilson Park Pool in 1969.

In the succeeding years, Nolan feels he gained inside knowledge of the Park District's functions, having been promoted to pool manager in 1974, and again promoted to ice rink manager in 1976.

Other jobs held with the Park District during his employment include maintenance, security and recreational activities.

He assisted the park superintendent with the July 4th activities during the U.S. Bicentennial celebration in the summer of 1976. In addition to working with the district, Nolan participated in many of its recreational programs.

In July 1978, he was employed by the City of Granite City engineering department and was assigned tasks of surveying, inspecting, drafting and acting in a supervisory capacity.

He was assigned as project coordinator for the new Granite City Police Building in November 1977.

Nolan is presently responsible for coordinating among the contractors, engineers and the city; inspection; and all financial reporting required by the federal government on the police building project.

He comments that he plans a vigorous campaign, emphasizing the major concerns of the Park District, adding:

"The Park Board is responsible for three quarters of a million dollar budget. The people should be listened to, and the candidates should inform the voters of their positions. I will make my positions known during the campaign."

Dr. Richard C. Reinhardt, chiropractic physician at 2861 Madison Ave., is one of six candidates running for two Granite City Park District board positions, next month.

Dr. Reinhardt is a native resident of Granite City and is married to the former Claudene Hancock, also of Granite City.

After attending Southern Illinois University at Edwardsville and enlistment in the U.S. Army, he attended Logan College of Chiropractic in St. Louis and received his doctor of chiropractic degree in 1973.

Practicing in Missouri for three years, he then moved to his current location in Granite City.

Dr. Reinhardt is a member of the American Legion, Tri-Cities Area Chamber of Commerce, Logan College Alumni Association, Parker Chiropractic Research Foundation and Logan College Ambassador Club. A diplomate of the National Chiropractic Board of Examiners, he is the current vice-president of the St. Louis Chiropractic Information Bureau and is also currently attending Southern Illinois University at Edwardsville, majoring in psychology, in pursuit of a degree in clinical psychology.

Dr. Reinhardt worked for the Granite City Park District for 4 1/2 years, while attending chiropractic college.

During this time, he was a park policeman, assistant ice rink manager, pool manager and recreation supervisor at the Nameoki Recreation Center.

Aside from the various job categories directly involved, there was an opportunity to be indirectly involved with the concessions, special events and programs sponsored by the park. He has been involved in senior citizens, pre-school, gymnastics, opera trips, United Way and 4th of July programs, he comments, adding that these have made him familiar with numerous phases of the park district and its activities.

Joseph H. Mitchell, 40, of 2302 Benton St., is among six 1979 candidates for two Granite City Park Board six-year terms.

"First and foremost, I have worked and paid taxes exclusively in Granite City," he notes.

"I attended local schools, and graduated from Granite City High School in 1956. I was honorably discharged from the U.S. Coast Guard after four years of service.

"A 17-year employee of Granite City Steel, I am a member of Local 97, United Steel Workers of America.

"I have been—and am presently—shop steward for Local 97 for the past seven years. I am married to the former Patricia Brooks, and have one daughter, Pam."

A balanced budget, with no tax increase and no bond issues—that's what it's all about.

"It's time everyone in government realized that constant bond issues and property tax increases are destroying our cities, both large and small. The Park Board is a small part of big government, but we must start somewhere to level things off, or soon it will be too late for Granite City.

"As a Park District concerned taxpayer, I promise to the people of the district that under no conditions would I, if elected as a board member, vote for any kind of tax increase that would be levied.

"I also would not vote for any bond issue, large or small. I believe that with proper planning, the projects that are really needed in the district can be accomplished without added strain to our taxpayers.

"A vast majority of our citizens have been led to believe that the proper credentials for being on the Park Board are a vast knowledge of sports, and to work or have worked for the Park District. I disagree 100 percent.

"I believe that to be qualified to be a board member, you should be a local taxpayer and have a business approach.

"You must remember that the Park Board spends more than a half-million tax dollars per year. The board must make correct decisions, or the taxpayer is in trouble.

"As we all know, it is awfully easy to spend the other fellow's money. And a person who does not pay local taxes cares less if a tax increase does take place."

"I am very concerned with the taxpayers. I promise to keep a close watch over all expenditures and report back to the taxpayers. We will have to tighten our belts.

"I do not think anyone helps their children by putting their parents deeper into debt, or raising their taxes," Mitchell continues.

"I have six objectives that I would like to accomplish if elected:

"Upgrade swimming facilities.

"Improve Worthen Park.

"Year-round use of the ice skating pavilion.

"Increase tennis facilities.

"And, better park patrol to stop the vandalism."

"I do not think that adding amusement attractions such as a Wave-Tek pool would improve our parks. I am 100 percent against commercializing the parks. I think they should be kept beautiful, natural parks for all to enjoy.

"We cannot allow our park to deteriorate or continue to be vandalized. I would work to increase the Park District guard force to stop the park vandalism. We can't keep pouring money into projects for some idiots to tear up over night. That's nonsense. The Park District has a

large ice rink building that is not used much of the year. I think that with proper planning and scheduling, attractions to the benefit of everyone could be enjoyed there. Remember the home shows, etc.; these are the type of attractions I make mention of.

"I think it would be inexpensive to improve vastly our present jogging facilities. A proper track could be built and would also help the situation.

"Many people I've talked

to are scared to death they are going to hit one of the runners near Fehling Road. For safety, if nothing else, this project should take place immediately.

"I believe a citizens' committee should be formed and the present swimming pool situation resolved. Included on the committee would be taxpayers, labor leaders, local swimming team members, and business leaders.

"With the help of all these people, I'm sure we can have

a swimming area for the community.

"Much, much work needs to be done at Worthen Park. With the park money situation as it now is, I would ask all labor unions and all business leaders to give a hand on Saturday—strictly voluntary—to make this a beautiful and attractive park that the citizens rightfully deserve. Over a period of a few years, this could happen.

"Our tennis facilities are always packed. I think that, working together, more courts can be built at the different parks.

"Slowly but surely, and in a matter of only a few years, we would have all the courts our community needs. As an example, maybe build two or three this year, and provide lighting facilities next year.

"With voters' confidence in me, we can make it happen."

EXPERT APPRAISING MORRIS REALTY CO. 876-4400

ARREST 2 IN CAR Granite City police stopped an auto at Rock Road and Denver Street at 2:13 a.m. Sunday and discovered a 15-year-old was driving the vehicle. He was charged with curfew and a passenger in the car, Ricky G. Burroughs, 18, of 2373 Bern Ave., was charged with permitting an unauthorized person to drive a vehicle. The boy was released to his father and Burroughs was released after posting his driver's license as bond.

Big Red in town Tuesday for Officer Friendly game

By VALERIE EVENDEN
Press-Record Staff Writer
St. Louis Cardinal football quarterback Jim Hart again will lead his teammates to the basketball court for a game against the Granite City All Star Police, Firemen and Emergency Technicians squad next Tuesday night, March 13.

The seventh annual Officer Friendly benefit game will

get under way with pregame ceremonies at 7:45 and court action starting at 8 o'clock. Tickets may be secured in advance from any Granite City fire station, the police department or Madison County Federal savings and loan, co-sponsor of the program, at a cost of \$2 each. Each ticket admits two children or one adult, and will be available at the door

game night. The awesome opposition for the local team this year includes: Defensive tackle Mike Dawson, a six foot, four inch stalwart weighing 274 pounds, who led the football Cardinals last season in sacks opposing quarterbacks a total of nine times for an 88-yard loss by gridiron foes.

Mark Arneson, a linebacker from the University of Arizona, the same school as Dawson, who led all tacklers with 64 solos and 34 assists in the 1977 season and came up with 65 tackles and 27 assists in 1978. He's six foot two and weighs 220 pounds. Aggressive linebacker Tim Kearney from Northern Michigan University, 6-2 and

225 pounds, now in his seventh season of pro football, who led the Cardinals assault with 68 tackles and 43 tackling assists last season. Such court foes appear overwhelming in size and, under the backboards, can prove more than intimidating. But those facts aren't bothering the hometown

squad, Officer Friendly (Fred Hoffman) relates, smiling bravely. This Sunday, the Granite City players have a date with a combined team of Venice and Madison police officers at 12:30 p.m. at St. Mary's Parish Hall, 10th Street and Lee Avenue, Madison. The public is being invited to view the contest.

"Since we beat both the Madison and Venice teams in separate games last year, I guess they feel safer combining their squads to come up with a representative group of players," said Officer Friendly last Tuesday.

"Considering that a conservative Madison resident offered me odds that the Venice-Madison team will beat us, I have a strange feeling they are pulling something on us. Probably a few 'ringers'."

"Last time, they used anyone they could find. It didn't matter how remotely the player was connected with the 'department,'" Officer Friendly said ruefully. But, he added, "It didn't make any difference."

Halftime entertainment at next Tuesday night's game will feature the Steel City Belles pom pon squad and North Guard flag and rifle team from Granite City High School North, and the ceremonial Indian dancers from Explorer Post 6, sponsored by the Concordia Lutheran Church Laymen's League.

Guaranteed to make things lively for the Granite City Police, Firemen and EMT basketball squad are such Cardinal football players as:

Running back Steve Jones, 6-0, 200 pounds from Duke University, now in his seventh year with the 'Big Red'.

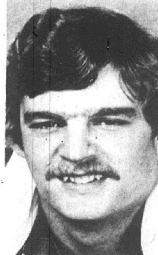

Place kicker-punter Mike Wood, 5-11, 199 pounds, a Kirkwood (Mo.) High School and Southeast Missouri State alumni acquired by the Cardinals last season.

Cornerback Carl Allen, 6-0, 186 pounds, from Southern Mississippi University, a top contender for starting left cornerback next season.

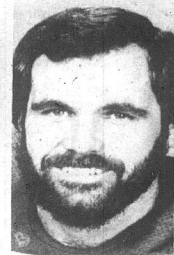

Linebacker Kurt Alterman, 6-3, 222 pounds, from Penn State, who was named outstanding defensive player in the 1978 Sugar Bowl against Alabama, now in his third season with Cardinals. Big, tough defensive end Ron Yankowski, 6-5, 250 pounds, who has been in the Big Red starting lineup for seven seasons.

Other football Cardinals on the Big Red All-Star squad expected to play Tuesday are: Quarterback Jim Hart, cornerback Roger Wehrli, linebacker Tim Kearney, quarterback Steve Plankiewicz, cornerback Lee Nelson and linebacker Steve Neils.

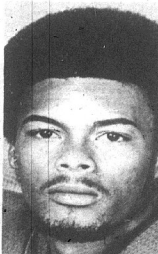

Officer Friendly said today the doors will open at the Memorial Gymnasium at 6:30 p.m. Tuesday.

Exercises for Sr. Olympics contests

The Extension Institute of Lifetime Learning will offer "grooming exercises" for senior citizens interested in participating in this year's Illinois Senior Olympics during March and April.

Clyde Fisher (692-3489), program chairman and assistant director of SIUC, said the six-week program is offered as an institutional venture by Belleville Area College, Lewis and Clark Community

College, State Community College and SIUC, as well as regional chapters of the American Association of Retired Persons.

Arrangements have been made with the Maryville Nutrition Site to use its gym for classes, beginning March 20. The site is located along Illinois Route 159 in Maryville.

Registration for the program is \$1. Classes will meet Tuesdays at 10 a.m.

Conditioning exercises and

advice from experts will be provided to participants in many areas of competition, Fisher said. Senior Olympics competition includes golf, tennis, bicycle riding, horseshoes, trap shooting, shuffle board, racquetball, table tennis, basketball free throws, rope skipping, swimming and track and field.

Many older Americans do not participate in the Senior Olympics because they feel they are not professionals,

Fisher said. He added that the activities are not like that at all, but are more of a "friendly neighborhood" type of competition.

One of the goals of the Olympics is to focus attention on the importance of regular physical exercise, discouraging the stereotype of the older adult as being rocking chairbound, fragile and weak, Fisher said.

"We encourage older citizens to join us in the conditioning exercises even

NEW CAR STOLEN

A new black 1978 Dodge Omni two-door auto was stolen from the parking lot of Marino's Tri-City Dodge, 1911 Madison Ave., it was reported Monday. The keys to the car also are missing, police were told.

if they have no Olympic ambitions," Fisher said. "They should benefit from the program's activities."

Fisher also plans to develop a booster group to attend the Olympics and support those who participate.

ST. PAT'S DINNER AT ST. MARKS

The Holy Name Society of St. Mark's Church in Venice will sponsor its 29th annual St. Patrick's Day corned beef and cabbage dinner on Sunday, March 11.

Serving will be from noon to 6 p.m. in the church basement, with ham being served as an alternate for the corned beef. Dessert and coffee will be included in the dinner price of \$3.50 for adults and \$1.75 for children. Tickets will be available at the door and carryouts will be available.

Law school bids in May

The Illinois Capital Development Board is satisfied with design and development plans for a new Southern Illinois University at Carbondale School of Law building.

Hiram Lesar, law school dean, said the CDB agreement means SIUC can "move ahead full steam" to the final engineering and architectural drawings and seek bids in May.

He expects the construction contract to be awarded in June and classes to be held in

the building by fall 1981.

Inflation is causing construction costs to increase each day, according to Lesar. Although planning has been going on for several years, the building did not receive final approval from the governor until last August. Delays forced SIUC to redesign the building and add \$1 million from costs in order to stay within the \$7.6 million appropriated.

The number of classrooms and offices in the two-story building will remain the same but one elevator, one skylight, a basement and a veranda have been eliminated from original plans. Other alternatives are being included to absorb future cost increases, he said.

"The building is not going to be as impressive looking as it would have been," Lesar said.

The law school, opened in 1973, is housed in three converted dormitories in SIUC's Small Group Housing area. The new building will be north of the present site.

The American Bar Association granted provisional accreditation to the law school in 1974, with full accreditation held up because the permanent building had not been constructed. Lesar said there is little danger of losing ABA accreditation "as long as we keep moving with construction plans."

End suspicion, McPike urges

State Representatives Jim Reilly (R-49th) and Jim McPike (D-56th) have introduced a bill to strengthen the Illinois Governmental Ethics Act.

HB 297 would require disclosure by state legislators and statewide elected officials of their yearly income by source and by amount (in categories of \$0 to \$1000, \$1000 and over \$10,000) as well as their assets and liabilities.

Members of the General Assembly who also engage in a profession such as medicine or law would have to disclose what special areas of economic interest they represented but not necessarily the specific clients.

Finally, Reilly and McPike propose an enforcement mechanism for the Ethics Act which currently has none.

McPike says, "We feel elected officials have an obligation to be open with the public about the sources of their income and about their assets and liabilities, so voters can make an informed judgment as to whether conflicts of interest exist."

"It does not mean to imply that most officials have such conflicts — most do not. But the public's lack of information inevitably breeds suspicion and distrust."

Four new homes get permits

Ten building permits listing values totaling \$172,280 were issued in Granite City during February, including four new for new homes costing a total of \$156,000.

Permits for new homes were issued to Winfield Construction for new \$33,000 homes at 2538 and 2540 Pine St., and G&S Construction for two \$40,000 homes at 215 and 217 Yale Drive.

Remodeling and repair permits were issued to: Ronald Barnett, 2138 Delmar, soffit and fascia, \$3,600; William Gregory, 2146 State, siding and trim, \$6,000; Mrs. L. M. Jones, 2806 Harding, gabled roof on mobile home, \$1,700; Terry Greathouse, 2449 Center St., roofing, \$500; and C. E. Basden, 2219 Edison, repair roof and porch, \$1,600.

The city granted a permit to St. Elizabeth Hospital to raise a building at 2018 Iowa St. at a cost of \$5,000.

MARIJUANA ARREST

Mark D. Cox, 18, of 2416 Delta Ave., was arrested at home at 12:15 a.m. Tuesday and was charged with possession of marijuana. It was alleged Cox returned home with a cigar box containing 26 marijuana cigarettes and two "nickel bags" of marijuana.

But Lawrenceville loses . . .

Trojans avoid upset

By PETE HAYES
Sports Editor
of the Press-Record
VANDALIA — On a night of upsets, Madison Coach Larry Graham was glad there wasn't one more.

Graham's sixth-ranked Trojan basketball team overcame a torrid first half by their opponents here Tuesday to down St. Paul of Highland 73-62 in a semifinal game of the Vandalia Class A (small school) Sectional Tournament.

The victory by Madison came on a night of Southern Illinois upsets in both the small school and large school tournaments. At the Bridgeport Class A Sectional, highly-touted (fifth-ranked) Lawrenceville was upset by North Egypt Conference rival Fairfield 87-86 and at Murphysboro's regional, 12th-ranked (Class AA) Carbondale was upset by the host team 57-53.

But at Vandalia, there was to be none of the upset syndrome. Even though St. Paul's Dennis Luber did everything in his power in

the first half to try. St. Paul's tenth-ranked Vikings jumped out to an early lead in the game and led by one (20-19) at the end of the first half.

Behind all-star Luber, St. Paul had five-point leads twice in the second period. But a spurt by Madison during the last minute of play of the first half may have proved to be the turning point of the game.

With 56 seconds left in the half, Trojan Kenny Stanley made two free throws to cut the St. Paul lead to 32-31. Just five seconds later, Madison had the lead for good. Stanley scored after Ricky Powers had stolen a Viking inbound pass to give Madison a 33-32 half-time lead.

"We started getting some important steals off our full-

court press," said Graham. "That was one of the main factors in our success."

"But we had some clutch free throw shooting down the stretch."

The Madison player mostly responsible for that clutch foul shooting was Kenny Stanley. He was sent to the line several times late in the game with Madison hanging on to a slim lead each time.

The situation had been the same last month when St. Paul defeated Madison in overtime 83-80. But then, Stanley didn't make the free throws. Tuesday he did.

"We sent Stanley to the line and he came through for them," said St. Paul Coach Randy Moss. "He didn't do it last time, so we really had no other choice than to foul him."

The fact that the free throws became so critical was a surprise to many who had watched Madison blow St. Paul away in the third quarter. The Trojans outscored the Vikings 19-13 in the period to claim a 83-48 lead at the end of the quarter.

"We just started to apply more pressure and it worked," said Graham. "Besides, Luber and the rest of the team cooled off a little from the field."

St. Paul's Moss knew his team would probably cool off some, but he didn't count on Madison being able to block those steals. "We came out really hot," he said. "But once we got behind, it was a different story."

"It's hard to come back

Sectional tickets on sale

MADISON — Tickets for tomorrow night's Vandalia Sectional championship game between Madison and Vandalia will be on sale today from 3:15 to 5 p.m. in the Madison High School auditorium ticket booth and tomorrow from 9 to 11 a.m. to the general public.

Students may purchase their tickets at the school during their lunch periods. Ticket prices are \$2 for adults and \$1.50 for students. According to Madison High Principal Dan Kostencki, the school has been allotted 1,000 tickets. The Vandalia High gymnasium seats approximately 2,400.

Park baseball organizes

GRANITE CITY — More boys are needed for the Granite City Park District's 1979 summer baseball program. Boys who were born in 1962-1971 are eligible to participate. Any boys wishing to play are being urged to contact the Park Office at 877-3059, to put their name on an eligibility list.

MORRIS HUGHES of Madison lays in a basket Tuesday night at Vandalia's Sectional against St. Paul-Highland despite the attempt of the Vikings' all-star forward Dennis Luber (43) to block it. Madison's James Heard (20) watches the action.

South upends Lincoln

By PETE HAYES
Sports Editor
of the Press-Record

GRANITE CITY — The Granite City South Warriors earned themselves a trip to the championship game of the Granite City North Regional at Memorial Gym here last night with a hard-fought 72-62 victory over East St. Louis Lincoln.

South will play top-seeded Collinsville tomorrow (Friday) night at 7:30 in Memorial Gym for the championship and the right to advance to the Alton Sectional next week. Collinsville defeated Granite City North in semifinal action Tuesday, 69-53. (See related story).

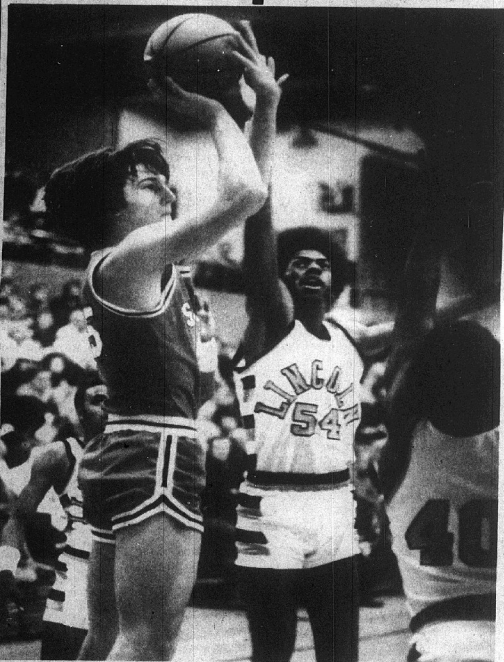

Lincoln had been the second seed in the four-team affair, South the third. But a pair of Warriors helped make the seedings look awfully wrong. South's Jeff Parker and James Blasingame combined for 46 points to lead the attack on the surprised Tigers of Lincoln.

In fact, South trailed Lincoln only play in the entire game. "We had five players in the act tonight," said South Coach Don Deterding. "That's what it's going to take down this stretch. We had to have 100 percent from everybody. That's what we got."

If having to play highly-regarded Lincoln in the first round wasn't enough, Deterding's squad had to do it without the services of regular starting 6-1 forward, Jeff Tretter.

Tretter actually did see some limited action last night — about three of four minutes' worth. He is recovering from a bout with food poisoning.

Lady Warriors beat Tigers

By DOUG IRVIN
for the Press-Record

EDWARDSVILLE — Sophomore Chris Boyd with 21 points led the Lady Warriors to their tenth seasonal victory. South dominated the game until the fourth quarter where the lead was cut to one with 18 seconds remaining in the contest. Boyd sank two clutch free throws to clinch the game, 42-39.

However, South's Quad-Cities sister school, Madison High, didn't fare quite as well. The Trojanettes did win a first round game of the Roxana District tournament Monday night over St. Paul of Highland (42-39), but were defeated by Wood River 48-32 Tuesday night.

The overall shooting was poor at best for both teams. South shot 53 times making only 16 of them and the Edwarville Tigerettes shot 42 times making only 17 out of 51 attempts. The Warriorettes were 10 out of 16 at the charity line compared to five from 10 for Edwarville.

Nita Graham with shots from both sides scored first and second for South and Boyd with a seven foot

juniper made it 6-0. The first quarter ended 10-4, South was well on its way.

Baskets were traded right and left in the second period and at the buzzer the lead was cut to four, 23-19. Then came the third quarter. Only a total of fifteen points was scored in that quarter — nine by South — five by Boyd.

With a seven point advantage, 32-25, South ventured into the final and almost deadly eight minute period. The clock showed 3:55 left to play in the fourth stanza when the Tigers mounted their retaliation. Edwarville tallied four straight buckets in that time slot, 36-33, South.

Susan Jeffries and then Graham brought South back on top by five with a bucket from underneath piece, 40-35.

But, sophomore Amy Armstrong put in two baskets within ten seconds of one another to once again threaten to the Warriors, 40-38. Boyd was fouled two seconds later.

Under tremendous pressure, "They (South) didn't lose their poise," said assistant coach Jim

DeMoulin. "When a team comes up on you like that — the pressure is on you — they handled it real well."

Tonight, the 10-4 Warriorettes travel to Alton for their final game before the regional Monday night.

They will play in the girl's gym at the high school. Jayvee will start at 6:30 p.m. and varsity will follow at approximately 8 p.m.

Madison's Heard named all-stater

GRANITE CITY — James Heard, a senior guard for Madison High School was recently named as a 1978-79 all-stater by United Press International. The 5-11 Heard was also named to the all-state squad last season.

Heard and teammate Kenny Stanley, along with Venice standout Ron Salmond, were named last week to the Honorable Mention list of the Associated Press All-State team. Stanley and Salmond were given honorable mention by UPI.

Officer Friendly game shaping up

MADISON — The Granite City Police all-star basketball team will "warm up" for its game next week against the St. Louis Football Cardinal All-Stars Sunday, March 11.

The Granite City team will battle with an all-star squad comprised of the combined forces of the Madison and Venice Police Departments at Englebert Hall, Tenth and Washington Streets in Madison.

The game will start at 1 p.m. Admission will be \$1, with all proceeds going to St. Mary's Church in Madison.

GIRLS RELAY WINNERS. The Tri-City Area YMCA 11 to 12 year old girls medley relay team which won its division at the Southern

Illinois Satellite Championships last weekend. Left to right: J'lynn Hankins, Cindy Strotheide, Tracy Windland, Dee Dee Darnell.

Tough season for basketball Cougars

EDWARDSVILLE — It was a tough basketball season at Southern Illinois University at Edwardsville. The SIUE Cougars, playing their ninth campaign under the coaching of Jim Dudley, finished with a 13-14 record. It was the fourth straight season under .500 for the Cougars. Dudley is

now 122-113 as coach of the Cougars. A little over a month ago the Cougars were struggling along with a 4-10 record, having played 13 of their first 14 games on the road.

But they caught fire and won nine of their next 10 games. Visions of post-season NCAA Division II

road, the little guard who took a lot of punishment bringing the ball down court, he SUE forces to an upple first throw in the contest at Normal. Consequently, his .879 free throw shooting percentage should assure him a spot in the nation's top five marksmen. He averaged 18.4 points per game for the season.

Last year's top SIUE point-maker, Bennie Lewis, made a gallant comeback in the season finale at Normal as he topped all SUE scorers with 22 points. Most of his points were posted the first half as he fought, clawed and scrambled for 15 of his total points.

The thigh injury which had sidelined him from the Cougars' six last games was still ailing Lewis, but he appeared determined to lead the SUE Cougars to an upset victory against the Redbirds. It was Lewis' finest hour in his two-year SUE career. Not only did he lead Dudley's charges in scoring, he held Illinois State's top pointmaker, Ron Jones to 14 points under his average.

Jones, an all-stater from nearby Venice, Ill., made a pair of baskets in the first half. He was held to one in the final 20 minutes. It was the final game for five SIUE cagers: Peebles, Lewis, Jim Allen, Mike Waldo of Granite City, and Jeff Verstraete.

Steelers

(Continued from Page 21)

the ball inside to Mosier, their 47-71 yardage points and led 33-19 at the half.

"I always worry about playing so much," hasn't won a lot of games, because everybody seems to get up for Collinsville," said Catapine. "But in the second quarter we started to get the ball inside to Mosier, and then we settled down."

As if Mosier's height didn't present enough of an obstacle, the Steelers also had to deal with the Kahoks' 6'7" G. Kerkemeyer.

Ohlendorf thought his team's main problem was

South

(Continued from Page 21)

"We moved Parker to Tretter's spot," said Deterding. "He did a hell of a job, too. He anticipates well."

Parker is normally a guard.

South used some clutch free throw shooting down the stretch in the game to preserve the lead. "We hadn't shot very well from the line in the first half tonight," said Deterding. "But we hit them when we had to late."

A minor surprise: Deterding was the play of center Bill Skinner. The 6-5 junior played well under the pressure of Lincoln's two big men, 6-7 towers Dwight Jones and John Johnson. He scored five points and grabbed nine rebounds.

"Bill played very well tonight," said Deterding. "He didn't play really any better than the rest, but he found out since he was out there doing some things he hadn't done before."

Among the things Skinner hadn't done in the past was being the key man in the full-court press breaker. "Shoot, he hadn't done that much at all," said Deterding. "But we had to take some of the pressure off Parker, since he was taking Tretter's spot."

While South led most of the game, it wasn't by much. Usually the gap was around three to five points. Did Deterding feel that Lincoln's quickness might be able to wear his squad down late in the game? "I've never had a game like that wasn't in a extremely good physical condition," he said. "I don't think they were able to wear us down at all."

South seemed to play well the entire game, but played extremely so in brief spurts throughout the contest. The Warriors held the ball until they found an open man and waited for a good shot. One thing Deterding didn't want to get into with Lincoln was a running game.

Lincoln Coach Bennie Lewis felt that was a factor in the outcome. "South made us play their game tonight," he said. "They were more patient than we were."

Trojans

(Continued from Page 21)

against a good team like Madison. Especially when they shoot 24 free throws and we only shoot nine."

But Moss was quick to tell reporters he wasn't blaming the officiating. "It's not the officials," he said. "It's just the kind of basketball you have to play when you're behind a team like Madison. Within the free throws, it's hard to beat Madison."

Late in the game, St. Paul made a comeback attempt. With 2:16 remaining, Luber hit a fade-away jumper from

done the same thing all season.

He did carry them into the fourth period with three good defensive field goals, cutting the Kahok lead to 46-37.

But Page would have had to have had the best quarter of his career to match the Kahoks in the final period. Collinsville scored 23 points, mostly on free throws.

The numerous trips to the line were the result of a desperate North team trying to recover possession of the ball, while at the same time trying to keep Collinsville away from the basket.

The order was too large. Collinsville muscled its way on to the victory, even without the services of Kerkemeyer, who left the game after his fifth foul was called late in the third quarter.

The loss marked the end of disappointing season for the Steelers, a team that sorely needed a Mosier or Kerkemeyer. "We're just a 6'4" basketball player away from being a winner," said Ohlendorf. "We've got excellent peripheral shooting. But you've gotta go with what you've got."

COLLINSVILLE 69, GC NORTH 63.
COLLINSVILLE — Mark Campbell 2, Dave Burg 7, Scott Carson 3, Kent Parker 5, John Campbell 5, Gary Kerkemeyer 5, Barry Wilson 12, Bill Mosier 30. FG 22, FT 23, PF 14, TP 69.

NORTH — Rusty Chappell 6, Tom Greco 2, Greg Faulkner 4, Dennis Page 26, Mike Robertson 15, David Price 2. FG 22, FT 9, PF 24, TP 53.

"We didn't get any play at all out of our guards tonight. And with the way their (South's) guys were hitting from outside, that really became a factor."

South took a narrow 27-23 lead at halftime, but managed to outscore Lincoln 16-13 in the third quarter to take a 43-37 lead at the end of that period.

Much of the success of South's victory will go to the defense, as it has in most Warrior games this season. "We played just super on defense," said Deterding. "We caused them some turnovers and seemed to throw them off of their game plan."

And how. South unofficially caused Lincoln to turn the ball over 30 times. "We had played against the press most of the season," said Lincoln's Lewis. "But tonight, we just couldn't seem to break it. We weren't finding the man in the middle at all."

We knew that when one of our guys was covered by two men, that someone had to open," said Lewis. "But we just couldn't find him tonight."

Lewis went on to say there were two other factors besides South's defense which may have contributed to his team's demise. "We only played seven games since the Christmas break and we wanted to play Collinsville pretty badly."

Lincoln's schedule was made a shambles because of the strike by St. Louis Public School teachers which caused many games to be cancelled.

With the victory, South raised its record to 18-7 on the season, while Lincoln bowed out with a 14-7 mark.

South 62

SOUTH — Jeff Vaughn 5, Jeff Parker 22, Bill Skinner 5, Lee Heubner 14, James Blasingame 24, Kevin Greene 1. FG 24, FT 24, TP 72.

LINCOLN — Ricky Slaughter 2, Darryl Jackson 5, John Johnson 12, Dwight Jones 27, Clarence Davis 4, Greg Armour 10, Ronald Huddleston 2. FG 27, FT 8, TP 62.

about 15 feet to pull the Vikings to within three points, 63-60. But Madison (in the personages of Ken Stanley and James Heard) scored four straight to again have a seven point lead.

With the upset of favored Lawrenceville, Madison joins as the favorite to gain an Elite Eight berth at Champaign... if it gets by the winner of last night's Vandalia-Hillsboro game. The Bridgeport winner will face the Vandalia winner next Tuesday in the Charleston Super Sectional.

When Graham heard that Lawrenceville had been beaten, a grin emerged on his face... then quickly vanished. "I don't want anybody to read in the paper that Madison is looking past anybody," he said. "We've got a competitive field going, we worry about who we'll play in the Super Sectional."

Uh-huh, right coach.

GRANITE CITY — The Tri-City YMCA swimmers made a good showing last weekend in the Southern Illinois Satellite Championships in Jacksonville. Eight Granite City swimmers advanced to the state finals March 16 at Chicago State University. Teamwise, Tri-City finished sixth out of 12 teams entered.

The total team points gained by Tri-City were 283½. However, the 11 to 12 year old girls team finished first in its division with 161½ points.

Those with state meet qualifying times were: Liz Owen (9 & Under girls 25 yard backstroke), Kris Toussaint (11-12 50 yard backstroke), Cindy Strotheide (11-12 50 yard backstroke), Dee Dee Darnell (50 yard freestyle), Rosie Baggot (15-17 50 yard freestyle) and John Amiech (9-10 50 yard breaststroke).

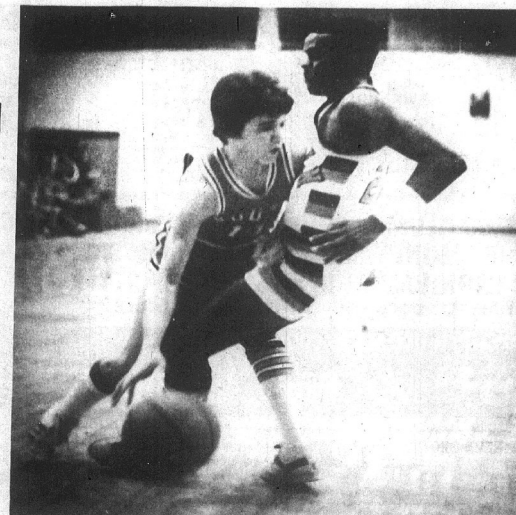

The girls prep medley relay team also qualified for state competition by breaking the state record in that event. Cindy Strotheide, J'Lynne Hankins, Dee Dee Darnell and Tracy Windland swam the distance in 2:15.4, bettering the record by four seconds.

Other Granite Cityans placing in the meet were: Girls 8 & Under - D'na

Hankins fourth in the 25 yard breaststroke and ninth in the 25 yard fly; Liz Owen tenth in the 25 yard backstroke and eleventh in the 25 yard fly; Diane Oliver eighth in the 50 yard freestyle; Mike Scaturro tenth in the 25 yard backstroke and tenth in the 25 yard breaststroke.

Nine to 10 Boys - Jon Morgan 11th in the 50 yard backstroke.

Eleven to Twelve Girls - Kris Lorden fourth in the 200 yard intermediates, Anita Durborrow third in the 200 yard intermediates and tenth in the 50 yard backstroke; Angela Durborrow fifth in the 50 yard freestyle; Joelle Kalick 12th in the 50 yard fly; Liz Wilson seventh 100 yard freestyle; Cindy Strotheide sixth 100

JEFF VAUGHN (left) of Granite City South drives for the ball last night against an East St. Louis Lincoln Tiger. South defeated Lincoln 72-62 and will play Collinsville tomorrow night for the championship of the Granite City North Class AA Regional.

McKendree names new soccer coach

LEBANON — A former Benedictine College soccer player has been named varsity soccer coach at McKendree College, Harry Statham, Athletic Director announced recently.

John Casey, 27, has assumed coaching duties of the Bearcat kickers for the 1978-80 season. The coaching position was vacated in November by Howard Porter, who served as varsity coach for seven seasons.

Serving as a youth league soccer coach for nine years, Casey served as assistant coach at Harris-Stowe College last season. A 1974 graduate of Benedictine College with a Master's Degree in Physical Education, Casey was a member of the Raven soccer team for two years. He has played soccer since he was

eight-years old, playing on several league teams and on grad and high school teams.

"I'm looking forward to coaching at McKendree," said Casey. "I think the program is very sound and will continue to grow."

Casey will have 16 players returning to the Bearcat line-up this season and looks to recruit three more outstanding players to fill the roster. "My major goal this season is to make it to the District 20 playoffs," he commented.

McKendree finished the 1978 season with an 11-5 mark and fell short of a National Association of Intercollegiate Athletics (NAIA) post-season playoff berth.

A native of St. Louis, Casey is a physical education teacher at St. George's Elementary School in St. Louis.

Speaker available

ST. LOUIS — Soccer groups planning meetings in the near future can arrange to have one of the best players and coaches St. Louis has ever produced, Pat McBride, to speak at their gatherings.

McBride, co-director of the Burt Ranch Soccer Camp for boys aged 7-16, is available to give a slide presentation and a talk on the camp at any group's convenience. The presentation is free.

A two-time All-America at St. Louis University and a 10-year veteran of the North American Soccer League,

McBride coaches at Meramec Community College. Now retired as a player, McBride has coached Meramec to the national junior college championship and a second-place finish in his three seasons at the school.

The camp will hold two one-week sessions, July 8-13 and July 15-20.

"NO PURCHASE NECESSARY!"
This promotion is open to legal residents of the United States who are at least 18 years old at the time of registration. The promotion ends on March 10, 1994. Odds of winning are approximately 1 in 100. Prizes are awarded on a first-come, first-served basis. Void where prohibited.

Higher fuel tax might be offset by savings to drivers—Governor

A proposal to improve Illinois' winter-strained roads and streets, which would cost the motorist about \$20 more a year—or a nickel a day—for four years, was outlined Monday by Governor James R. Thompson.

"Present highway user fees, established 10 years ago, are no longer adequate to pay for needed repair and construction of the state's highways and streets," Thompson said.

"Inflation, age, heavy use and a drop in growth of revenues from less gasoline used have all taken a toll."

"No one likes to propose a tax increase, but a change is needed if we are to protect the \$50 billion we already have invested in our roads and streets."

"That investment is vital to the state's economy and to thousands of jobs. I will not stand by and allow the economic well being of Illinois citizens to be endangered," Thompson said.

The proposal includes:

1. Increase the motor fuel tax from 7.4 cents per gallon to 9.4 cents per gallon and shift the tax to a variable rate. The tax would be expressed in cents per gallon adjusted annually to reflect changes in the economy. Any increase would be limited by the growth in personal income.

2. Increase car and truck license fees over the next four years by \$3 per year for cars under 35 horsepower and \$5 per year for cars over 35 horsepower. Truck fees would rise by an average of \$15 (roughly 13 percent) each year through 1983.

3. Phase out diversions. Eliminate \$25 million in road fund diversions in the next year by transferring the cost of the student half-fare transit program, plus the cost of several other agencies, from the Road Fund. The proposal also includes a commitment to gradually phase out remaining diversions as the economy improves.

"During the recent campaign for governor, I said I would not hesitate to recommend an increase in the motor vehicle taxes if I felt such a move was necessary to prevent the state's roads from going to ruin," Thompson said.

"These recommendations were carefully considered and were not undertaken until all other avenues were exhausted."

"During the last two years, we have managed to have one of the nation's largest highway programs without any tax increase. This was made possible through substantial belt-tightening, increased federal funding and careful use of bonding."

"Without these measures, we would have had to seek increases more than twice as large as I am proposing."

"Pothole-ridden roads causing the loss of one hubcap at a cost of \$25 more than the \$20 increase per year for the motorist who drives 10,000 miles per year."

"A single front end alignment or tire costs more than the increase. The more a motorist would pay is not only a bargain but a sound investment in the future of the state."

All of the new revenues raised under the new tax structure would be solely used for road construction and maintenance.

Combined with increased federal funds, the measures would provide an average annual road repair and construction program of nearly \$900 million.

Moreover, \$380 million in new state aid for local roads and streets would be provided over the next four years.

"This includes the use of \$400 million in highway bonds over the next four years, a significant reduction in the level of bonding in recent years," Thompson said.

"Without the proposed increases, the current road program level of about \$600 million annually would have to be cut in half."

"This would mean snow removal and pothole patching would be continued, but at a reduced level."

"Repair work on rough roads would be limited, as would the replacement and

rehabilitation of deficient bridges. The Supplemental Freeway program would be deferred and limited state resources would be used for high-priority repair work."

"In addition, \$300 million per year in federal funds normally allocated to Illinois would be lost to other states," the governor warned.

"Unless improvements are undertaken to repair the deteriorating highways and bridges, damage to automobiles will be more extensive and repairs more expensive."

"The estimate of \$20 more

per year for individual motorists is based on a new fuel-efficient automobile with a rating of nearly 21 miles per gallon and being driven 10,000 miles a year."

"Repair costs for damage caused by deteriorating roads could be more than offset the increase in fees."

"For example, a statewide sampling for repairs on a Ford Pinto found that a new hubcap cost \$18; a new tire \$24; a front end alignment \$24; and two new shock absorbers installed, \$39.50."

"On a standard-sized American car, the costs were \$28.50 for a new hub-

cap; \$68 for a new tire; \$19.50 for a front end alignment; and \$45 for two new shock absorbers installed."

"According to a study conducted by The Road Information Program (TRIP), an estimated \$4 million in costs for automotive repairs and additional fuel use are attributed to highway problems in Illinois."

"Rough and deteriorated highways often cause motorists to find longer alternate routes and creates additional traffic congestion in metropolitan areas."

"The Transportation

Research Board estimates these delays in traffic increase fuel consumption by 50 percent. And each mile saved in eliminating alternate routing reduces operating costs by 22 cents."

"On the state highway system alone, there is a backlog of 3,000 miles of rough and/or narrow pavement and 200 inadequate bridges."

"These road repairs, if postponed, will result in the need for more extensive rehabilitation work—multiplying the repair costs as much as four times in future years."

Free tree repair program tonight

Repair of ice-damaged trees, including methods and expense involved, plus the possibility of insurance claims and tax credits, will be objective of a special program at 7:30 this evening at Nameoki Recreation Center, Amos and Franklin avenues.

Four experts will discuss all aspects of repairing trees that have been damaged by the winter storms.

Speakers will be Joe Puente, Alton Parks Department; Marvin Kraut, Kraut Tree Service, Roxana; Bruce Egan, Belle Clair Tree Experts, Collinsville; and Wayne Siefert of the University of Illinois Cooperative

Extension Service. The session is free, but those planning to attend are being asked to call the Granite City Park District office, 877-3059, to register.

STUCK WITH PIPE
Henry "Bo" Young, 23, 1017 Calhoun St., Venice, reported to police at 3:30 p.m. Monday that he had been in a weekend fight in 1100 block of Bussell Street, Venice, and was hit several times with a metal pipe. Young was released that afternoon from St. Elizabeth Medical Center, where he had been admitted and treated for injuries to his rib area.

Pack 12 hosts annual dinner

Cub Scout Pack 12 of Necedah School was one of many packs in the area who celebrated the 69th anniversary of Boy Scouts of America at blue and gold banquets. The meeting was opened with the Webelos presenting the colors: including Billy Sabo, Richard Eagen, Robert Curtis, Mike Yoss, Johnny Norton and Robert Kirkpatrick.

Prayer was led by Cubmaster Don Smith and dinner was served to 39 Cub Scouts and their families, totaling 104 people.

After dinner, under the leadership of Den Mother Joyce Edwards, Den Three had an opening spelling act "Blue and Gold." Participating were: Tom Hilligoss, Ross Karbarski, Phil McRaven, Nick Mueller, Tim Stefanoff, Eddie Bodnam, Mike Edwards, Jim Burnhart, William Puhse, Travis Whitmer, and Robert Norton. Donald Hagen gave a short history of Scouting and presented "awards of appreciation" to Cubmaster and Den One Leader Don Smith; Den One Assistant Terry Rae; Den Two Leader Martha Bailey; Den Three Leader Joyce Edwards; Den Three Assistant Leader Marilyn Bodnam; Webelos Leader Mike Jayson; Assistant Webelos Leader Bub Parks; Vasil Vangel committee chairman; Don Hagen treasurer; and Sam Stefanoff secretary.

Cubmaster Don Smith, gave awards earned by the scouts. Webelos Mike Yoss received a showman badge, Wolf Badge to Todd Smith, Mike Morton, Paul Harrison, and Doug Parks, Eddie Bodnam. Receiving Bear patches were: Billy Alexkassian, David Broyles, John Bailey and Chris Vangel, and Steve Eaton received a silver arrow.

The next pack meeting will be March 29 at 7 p.m. Meeting was closed with all scouts singing "Good Night Cub Scouts."

DONATION TO OATH (Organization for Advancement of the Handicapped), 612 State St., Madison, is made by Alpha Upsilon, an affiliate group of the Gamma Rho sorority. Theme is, "Community Service is the Key to

Progress." From the left are Mrs. Margaret Lee, Henry Helrich, president of the Oath board of directors, Mrs. Adelaide Calhoun, president of Alpha Upsilon, Doris Hardeeman, treasurer (foreground), and Mrs. Ola Jones, vice-president.

Holy Week luncheon planned on April 10

Members of Quad-City area service clubs are being invited to a Holy Week luncheon at First United Presbyterian Church, 22nd Street and Delmar Avenue, on Tuesday, April 10.

The Rev. David Maxton, pastor of the church, said in his invitation, "Each year we try to present some interesting program, about 25 minutes in length, and have lunch together."

"In the past, we have had a Jewish Rabbi, a Lutheran minister, a Protestant minister, a Roman Catholic priest, a panel of American women, an educator and

others," Rev. Maxton recalled. He said plans are being made to have a prominent rabbi speak this year.

Members invited are those in the Noonday Optimist Club, the Granite City and Breakfast Optimist clubs, the Granite City, Madison and Pontoon Beach Lions clubs and the Granite City and Madison-Venice Rotary clubs.

Tickets cost \$3.50 per person and reservations are to be made by Tuesday, April 3, at the church office or by calling 876-6812.

New post for Wade

Pacific Media-Korea today announced the appointment of James Wade as editorial director of its Seoul office, according to the firm's president, Richard K. Sink.

Wade, author and publicist from Granite City who has lived in Korea for 20 years, will direct copywriting and creative assignments for the company, which was established in Korea in 1973.

Pacific Media is a diversified creative services organization comprising a publishing company, an advertising agency and a design and production house.

It produces the Chosun Magazine for the American's Chosun hotels, of which Wade has been editor for the past year.

Wade will continue to serve as part-time consultant for the Korea National Tourism Corp. and the Korea Electric Co., as well as a free-lance writer and editor.

He is the author of six published books and over 1,500 articles, mostly about Korea and Asia.

The latest article he had published was in the March 1979 issue of "The Rotarian," official publication of Rotary International, entitled "Land of the Morning Calm."

Wade is the son of Mr. and Mrs. E. J. Wade, 2519 Madison Ave.

Felony case against two

Charles A. Oettle, 21, of 2301 Nameoki Road, lot 13, and Robert H. Scott, 43, of 1208 Kirkpatrick Homes, were arrested during the weekend and were charged with felony theft.

Police allege the two took money from the safe at the Nameoki Moto service station, 23rd Street and Nameoki Road, Feb. 27. There were no signs of forced entry to the station or the safe. Oettle was an employee at the time. About \$740 was missing from the safe.

REINHARDT—Realtor Sells—BETTER LIVING

Auto mishap injures four

Four persons were injured in an auto accident at Third Street and Madison Avenue, Madison, at 6:30 p.m. Saturday when cars driven by Kenneth Harrell, 22, St. Louis, and C. F. Rogers, 25, of 72 Gretna Homes, Madison, collided.

Rogers was admitted to St. Elizabeth Medical Center after he hit his head and chest on the steering wheel. Harrell was treated for abrasions to the forehead, lip and right ankle and was released.

Mrs. Margaret Scott, 26, of 210 Seib Ave., Venice, a passenger in Rogers' auto, was treated for bruises to the right hand and forehead, and pain in the left ankle and right wrist.

Andrew Jones, 20, of 1112 Market St., Venice, was treated for neck and right ankle pains.

Harrell was issued a traffic citation for disobeying a traffic signal. He allegedly was southbound on Madison and drove through a red traffic light, striking the Rogers' car, eastbound on Third and attempting a left turn.

TWO CHARGED WITH CAR ENTRY ATTEMPT

Two men who Collinsville police allege were attempting to break into the trunk of a car last week have been charged with criminal damage to property.

Norman Statham, 25, Collinsville and John Barnes, 25, Granite City, were arrested in Collinsville.

Officers allegedly saw the pair using a hammer and screwdriver attempting to break into a car parked on a service station lot. The car was owned by Karen Burdham, Caseyville.

MAN IS BEATEN

Terry Crook, 21, of 2908 Kirkpatrick Homes, was treated at St. Elizabeth Medical Center at 4:04 a.m. Monday after being injured in a disturbance he said occurred at Rice's II Lounge. He suffered bumps to his head, a bruise to the right side of his face and injuries to his right hand and was released after treatment.

Film on Corrie ten Boom slated

The true-life story of Corrie ten Boom, a former Nazi prisoner, will be presented through the motion picture, "The Hiding Place," on Saturday, March 10, at 7 p.m. at the Nameoki School Gymnasium, 1620 Pontoon Road.

"The Hiding Place," portrays the de-humanizing agonies of a concentration camp, the personal confusion and conflicts of both victors and vanquished, the confrontation of military might and gentle ministry, and the costs of caring for others, a spokesman said.

For ticket information or group rates, Quad-Cityans may call 877-1539 or 931-3061.

Car taken and halted on highway

Kenneth J. Ivie, 18, East St. Louis, has been charged with criminal trespass to a vehicle, no driver's license and speeding (75 miles per hour in a 25 mph zone) after he allegedly drove the auto of Wilson Rudd, 2801 Ohio Ave., from Rudd's home during the weekend.

Rudd said he started his auto and then remembered he had to get something from his home. He left the engine running while he went inside for a few moments.

When he returned, he saw his car being driven onto West 23rd Street and then on Route 3 toward Illinois Route Three.

Police stopped the auto on the highway between St. Thomas Road and West Chain of Rocks Road and held two men who were in the car. Madison County sheriff's deputies aided in the arrests.

Both men were taken to the Granite City Jail and city detectives applied for Chain of Rocks Road Madison County state's attorney's office.

Assistant State's Attorney Richard Rybak authorized the trespass to a vehicle charge against the driver and ordered his bond set at \$500 cash.

Rybak ordered the passenger released without charges being filed.

Charge after police chase

Stephen G. Presley, 22, of 2725 Buxton Ave. was arrested at 2 a.m. Monday and was charged with reckless driving and a state charge of resisting arrest.

Officers on patrol alleged seeing an auto driving west in the 1700 block of Pontoon Road at high speed. While a patrol car was attempting to catch up with the auto, the auto turned right onto Mitchell Avenue, right onto Ball Avenue and left onto More Avenue, swinging around at the corner, it was reported.

The auto then was chased to Nameoki Road, where it turned south in northbound lanes, struck the curb and jumped over the center median into southbound lanes, officers alleged.

The squad car stopped the auto traffic at Nameoki and Pontoon roads and the driver got out and approached the police car, it was alleged. The officer said he informed the driver he was under arrest and ordered him in the back of the police car and alleged the man refused.

When the officer grabbed his arm, the driver pulled away and backed up, it was alleged. He then was wrestled to the ground and force was used to restrain and handcuff him, the policeman reported.

JEANNETTE CLIFT is pictured at work in this scene from "The Hiding Place," a movie to be shown at the Nameoki School gymnasium March 10. The film stars Julie Harris, Eileen Heckart and Arthur O'Connell.

Nutrition answers

"Let's Talk Food" will be presented by Schnucks and the St. Louis Dietetic Association on Saturday from 10 a.m. until 12 noon. Registered dietitians will be in each of the Schnucks supermarkets (except 614 Olive) to answer consumer questions about weight control, food ingredients and nutrition.

Barbara Roggi, St. Louis Dietetic Association public relations chairman, is inviting consumers to bring their questions. "We would like to urge consumers to come and talk to our dietitians on March 10."

"We are frequently asked such questions as how to improve nutrition in the family menu and what is cholesterol. We are hoping

to answer these questions for you." Free brochures in the family menu and what is cholesterol. We are hoping

The Lighter Side

By CATHEY JAMISON
Press-Record Feature Editor

Recognizing who has the power

I figured that someday my forgetfulness would cause me to make a tremendous blunder. Forgetting the kids' lunch money was small potatoes. Last week I forgot to pay the power bill.

Now, I have been called forgetful. But I think that is the mild term. Scatterbrained might be better.

No one FORGETS to pay an electric bill. There are folks at the power company who just don't take too kindly to that sort of thing. They have been known to shut it off.

Well, I couldn't handle a shutoff. Dennis had just gotten over the chicken pox and Ross was coming down with the stupid disease. I just couldn't fathom the idea of painting Ross' pox with calamine in the dark.

I had received one of those pretty pink disconnect notices in the mail, so I had no excuse. I knew the bill had to be paid in the next few days, or else. I stuffed the bill into my purse.

That was a big mistake. I go for months without taking anything that even remotely resembles a bill out of my purse.

I figure that once they hit that pocketbook, they are paid. They must be. I kept all of my paid bills in my purse.

It might never have been paid except for a popped light bulb. It just so happened that on the very day that the notice said "or

else," light bulbs began popping all over the house. It must have been a warning from the power man, because after three "pops," it dawned on me that I had forgotten something.

It was too late in the day to pay it so I just KNEW that at any moment, the entire house was going to be dark. I didn't panic. I just began dragging the house for candles. I had to have a way to see to paint the pox.

Well, the evening passed and I awoke the next morning to find that the current

was still flowing. Somehow, they had missed me. I still had power.

I got my body down to the power company, meeting the employees as they had their first cup of coffee. Everyone was so nice. I expected a lecture and a \$1,000 fine, but neither came about.

Next month I think I will tie a light bulb around my little finger as a reminder. I don't intend to disappoint all of those forgiving people at the power company again.

They still do, after all, have the power.

Extension funding expansion sought

State Rep. Sam W. Wolf (D, Granite City) announced Friday that the House of Representatives will increase the amount of state funding of the County Cooperative Extension Service Program from 25 percent to 50 percent over a five-year period.

Rep. Wolf supports the funding change to enable counties to continue and expand the cooperative extension programs by "alleviating the financial burden through increased state funding."

The measure, sponsored by Rep. Gale Schieler (D-London Mills), was the first bill acted on by the Agriculture Committee in the first General Assembly. At the committee hearing, there was no recorded opposition from the Illinois Department of Agriculture, the University of Illinois Cooperative Extension Service, the Illinois Farm

Bureau, the Illinois Farmers Union or other agriculture-related groups.

The additional funds for implementation of House Bill 172 would not affect the funding levels of other agricultural programs. Monies appropriated from the Agriculture Premium Fund support state and county fairs, 4-H clubs, fair premiums and awards, cooperative extension services, agriculture research and the state fair.

In the past five years, less than 50 percent of monies available in the Ag Premium Fund have been used to support agriculture, Wolf said. He emphasized "the need to provide additional funding of our extension programs when monies are available."

With House Bill 172, state funding will increase by five percent per year over a five-year period. The intent of the bill is not to reduce the amount of each county's funding, but to increase the amount of state funding. Presently, the state funds one dollar for every three county dollars, whereas with this bill the state would match the county dollar for dollar.

Auto crashes through fence

James Vincent, 30, of 2724 Buxton Ave., was injured when his car went through a chain-link fence at St. Louis Avenue and Walnut Street and struck concrete at the American Steel Foundries building at 2:15 a.m. Saturday.

Vincent said the accelerator of his auto stuck down on St. Louis Avenue and he was unable to stop the car before it crossed Walnut Street and went into the foundries property.

He was taken by Granite City ambulances to St. Elizabeth Medical Center where he was admitted with injuries to his head and right elbow.

Head-on crash hurts 4

Four persons were injured when the van of Michael Lamar Sr., East St. Louis, and the pickup truck of Nelson Dwiggins, Alton, collided head-on at Nameoki Road and East 23rd Street at 9:25 p.m. Saturday.

The injured were passengers in Lamar's van and were taken to two Granite City ambulances to St. Elizabeth Medical Center. All were released after treatment at the emergency room.

Judy Ann Lamar, 22, East St. Louis, suffered pain to her back and right side; Ronald Lamar, 17, Brownstown, Ill., suffered a cut to his forehead, and Michael Lamar Jr., 6, both of State Park Place, were examined and released with no visible injuries.

News notes

Citing 71 deaths in the last two decades, the U.S. may seek to ban fire rings that are made in more than one piece.

Police killed in the line of duty in 1978 totaled 92 in the U.S.

The Black Knights, Belleville, and Gateway City Combined, St. Louis, will merge their drum and bugle corps.

The Mississippi River is expected to crest Saturday at 29 feet, one foot below flood stage at St. Louis.

Twenty-two members of the Women's Division of the Tri-Cities Area Chamber of Commerce participated Sunday evening in the Channel Nine educational television station fund drive, handling telephone calls from contributors at the station on Big Bend, St. Louis County.

The U.S. Commerce Department has denied a request for iron and steel scrap export restrictions.

Rep. Everett Steele favors raising the 19-year-old drinking age law on beer and wine, while Rep. Jim McPike is against changing it.

A bill voted 49-0 by the Illinois Senate Friday would ban injury suits against families that shovel their sidewalks of snow and miss some spots.

The Illinois State Bar voted last week to urge film and radio courtroom coverage.

Illinois owes the U.S. \$946 million it has borrowed to pay unemployment benefits from 1975 to 1978.

A radio antenna is not needed atop the new county jail, saving about \$5,000. An existing antenna on the courthouse will be used.

A third Madison County office of the Illinois Public Aid Department has been ruled out. Edwardsville has sought one since the previous office there was divided into office operations in Granite City and Alton.

Barbershop quartet singing will be featured at 2 p.m. Sunday at GCHS South.

Semco Corp. of Granite City has announced 41 new home sites within Granite City, between Mockingbird Lane and Worthen Park.

LOOT CAMPING VAN

Items valued at about \$700 were stolen from the camping van of Wilkie Williams, owner of the Den, 2401 State St., it was discovered during the weekend. Glass in a door was broken and the door lock was damaged. Taken were binoculars, a camera, tools, tape recordings, a fire extinguisher and liquor.

School fund raising project

Sister Marie Monica, principal of St. Margaret Mary School, submitted a report on the popcorn-frisbee campaign now in progress at the school during a monthly meeting of the Ladies Club of the school.

The principal noted the students are selling frisbees filled with popcorn to aid the school dishwasher fund.

President Karen Costello presided at the session. Committee reports were given and members approved the amended by-laws and proposed 1979 budget. A lengthy discussion was conducted on the annual Christmas bazaar which will follow a different format this year, it was announced. The president said permanent chairman of various committees will be selected and named at a later meeting. Quilt of the month winner was Mrs. Evelyn Todd and the membership prize went

to Rose Zikovich. The attendance prize was awarded to the first grade. Refreshments were served to 24 members and the next meeting is set for 7 p.m. on March 13, Mrs. Costello reported.

MR. AND MRS. THOMAS HEWLETT.

They were married Dec. 23 in an afternoon ceremony at City Temple Assembly of God Church. She is the former Miss Linda Louise Whitford, a daughter of Mr. and Mrs. Paul Self of Cahokia.

Linda Whitford weds Thomas Lee Hewlett

City Temple Assembly of God Church was the scene of the Dec. 23 wedding of Miss Linda Louise Whitford and Thomas Lee Hewlett.

Miss Whitford is the daughter of Mr. and Mrs. Paul Self of Cahokia. The groom is the son of Mrs. Edith Hewlett, 815 Staunton Ave., Madison.

The Rev. Clifton Galilee officiated at the double-ring afternoon ceremony.

Organist Mrs. Cathy Baldrige played "O Perfect Love," and "Wedding Song," and accompanied soloist Bill Matrakow as he sang "Time in a Bottle" and "We've Only Just Begun." The bride was escorted down the aisle by her stepfather, Paul Self.

She chose a formal length white organza gown. The chancel bodice featured a high neckline and was trimmed with seed pearls. The long-fitted sleeves were edged in chantilly lace and were designed with a covered button trim.

The skirt fell softly into attached ruffles trimmed with chantilly lace and it featured a chapel train. She wore a mantilla veil with a lace and pearl headpiece.

She carried a silk bouquet of red roses with miniature white carnations intermingled with white lace and ribbons.

Maid of honor was Miss Connie Knowlton and bridesmaid was Miss Nancy Self, a sister of the bride. They were attired in iden-

tically styled floor-length gowns of emerald green crepe satin.

The princess style gowns featured low v-shaped necklines, long fitted sleeves and flared skirts. Both carried a silk long-stemmed rosebud.

The flower girl, Karie Hewlett, a niece of the groom, wore an emerald green crepe satin dress with long full sleeves and a high square neckline. The gown was trimmed with lace throughout.

Best man was Gary Hewlett, a brother of the groom. Jerry Nizinski served as groomsman, and ushers were John Gorka and Kevin Hewlett, the groom's brother.

Candlelight was Keith Hewlett, another brother of the groom. Darrell Hewlett, nephew of the groom, was ringbearer.

A reception was held at the home of Mr. and Mrs. Gary Hewlett, with Mrs. Bill Hewlett, Mrs. Gary Hewlett and Mrs. Wayne Hewlett, all sisters-in-law of the groom, and Mrs. Kay Mullen, a sister of the groom, assisting.

The bride graduated from Cahokia High School in 1976. The groom graduated from Madison High School in 1972, and is employed as a crane operator for Michigan Metal Processing in Granite City.

The newlyweds are making their home in Madison.

Miss Lisa Julius and Gary Hewlett are wed

Miss Lisa Julius, a daughter of Mr. and Mrs. David Julius, 114 Athlone Drive, Caseyville, became the bride of Gary Hewlett in a candlelight ceremony Oct. 27.

The groom is the son of Mrs. Edith Hewlett, 815 Staunton St., Madison.

The Rev. Sheldon Doyel officiated at the double-ring ceremony at St. John United Church of Christ at 7:30 in the evening.

Music was provided by organist Alan Milster.

The bride chose Mrs. Dottie Wiedow as matron of honor. Bridesmaids were Lori and Vicki Julius, the bride's sisters, Kristy-Jon Biver, and Linda Armes.

Attending the groom as best man was Thomas Hewlett. Groomsman and

ushers were, Bob Dittman, Keith and Kevin Hewlett, the groom's brothers, John Gorka, Gerald Mullen, the groom's nephew, and David Julius, the bride's brother.

A reception was held at Croatian Home in Madison, after the ceremony. After a wedding trip to the Smokey Mountains, the couple is now residing in Granite City.

The bride graduated in 1976 from Collinsville High School, and is employed as a secretary at Bell and Goode Pork Lids, Ltd.

The groom graduated from Madison High School in 1974, and from Eastern Illinois University in 1978. He is an alumni member of Pi Kappa Alpha, and is employed as an automotive field representative for Gates Rubber Company.

MARRIED. The former Miss Joni Jean Hanvey and Michael Voegelé who were married in a double ring ceremony at Sacred Heart Catholic Church. The bride is a daughter of Mrs. Patsy Hanvey, 2445 Kilarney Drive, and the late Francis M. Hanvey.

Miss Hanvey marries Michael A. Voegelé

Miss Joni Jean Hanvey, a daughter of Mrs. Patsy Hanvey, 2445 Kilarney Drive, and the late Francis M. Hanvey, became the bride of Michael A. Voegelé Feb. 9 at Sacred Heart Church. He is the son of Mr. and Mrs. Marcus Voegelé, 3168 Aubrey Ave.

Father James Hill officiated at the double-ring ceremony at 7:30 in the evening. Music was provided by organist Margaret Cranshaw.

The bride was attired in an ivory Empire line gown of organza. The dress featured a Queen-Anne neckline and bishop sleeves, accented with a Venice lace trim. The skirt was enhanced with an attached chapel train.

She wore a fingertip veil, edged in lace, which was secured to a Juliet cap, and she carried a cascade bouquet of ivory roses and miniature carnations.

Her maid of honor, Miss

Karen Wood, chose a formal length winter blue Qiana gown, trimmed with ivory lace. She held a nosegay of blue daisies and miniature carnations.

The groom chose Tim Smolar as best man. Dan Juhász and Glen Aniers served as ushers.

A rehearsal dinner was held at Charlie's Restaurant and the reception was held in the church hall.

The bride graduated from Granite City High School South in 1976, and from Belleville Area College, and attended McKendree College.

The groom is a 1977 graduate of Granite City High School South, where he was a member of the varsity soccer team. He also attended Belleville Area College and is now employed at American Steel Foundries.

The newlywed couple are residing in Granite City.

MR. AND MRS. GARY HEWLETT who were married in a double-ring ceremony Oct. 27. The bride is the former Miss Lisa Julius, a daughter of Mr. and Mrs. David Julius, 114 Athlone Drive, Caseyville.

Lent is topic of Truth Circle meet

Truth Circle of Niedringhaus United Methodist Church met last week at the home of Mrs. Gladys Wallace, 1531 Clark Ave., Mrs. Shirley Lane, leader of the group, presided over the meeting.

A "Lenten Meditation" by Thea Amenda from The Church School magazine was presented by Mrs. Sharon Ellebracht, a time to practice spiritual disciplines, to remind us of the roots of our Christian faith.

She also presented the story, "The Poor Rich Man and The Rich Poor Man" from Dr. Jesse Hurlbut's "Story of the Bible." This story was based on various scriptures from Matthew, Mark and Luke of the New Testament.

Mrs. Wallace collected a penny from each woman present for the Fellowship of the Least Coin, a program which will be repeated around the world by Christian women. This program is sponsored by Church Women United, and all monies will be turned in at the May Fellowship meeting of this group.

The ladies were reminded of the United Methodist Women's monthly meeting to be held on Thursday.

Venice Women's Club resumes meetings

The Venice Women's Club discussed new committee schedules at the first meeting of the year held during the weekend at the Venice Recreation Center.

Previous meetings were cancelled due to the weather. President Mrs. Elenora Weber conducted the session and all officers presented their reports and correspondence.

A social hour followed. Games and prizes were provided by the hostesses Mesdames Aline Patterson, Grace Grimes, Mamie Ponce, Rose Scatturo and Sybil Robbs. A dessert course was served from the tables decorated in the St. Patrick's Day theme.

Other members present were Mesdames Alice Mitchell, Jane Harris, Aline Marcus, Rhea Bunte, Nora McCord, Hazel Painter, Elsie Canner, Hazel Pozinak, Bertha Pace, Clara Krause, Lula Kowalski, Ruth Canner and Madonna Groshing.

J. Griffith, Floyd Henley, Ray Horn, David Johns, Charles Kohl, C. Louis, Bonard Maples, B. S. Miller, Alfred Pape, Mrs. Al Stover, Dawson Wade, Fred Werner and Walter Klein.

The new arrival weighed seven pounds, one-half ounce, and has been named Kristin Anne.

The mother will be remembered as the former Barbara Ann Williams of Granite City.

Mr. and Mrs. James I. Williams Jr. of 129 Riviera Drive, are the maternal grandparents, and Mr. and Mrs. Joseph Lapinski, 255 Iowa St., are the paternal grandparents.

MR. AND MRS. TERRY L. BUTLER.

They were united in marriage at the Cedar View Baptist Church. Formerly Miss Betty York, the bride is a daughter of Mrs. Pauline York of Granite City and the late James York.

Betty York becomes Mrs. Terry L. Butler

Miss Betty York became the bride of Terry L. Butler on Jan. 6, at Cedar View Baptist Church with Rev. Rudolph Hickerson performing the double ring ceremony.

The bride is the daughter of Mrs. Pauline York, Granite City, and the late James York. Parents of the groom are Mr. and Mrs. Don Butler of Mitchell.

Betty Lipe accompanied soloist Carol McNeally on the organ as she sang, "We've Only Just Begun," "I Love You Truly," and "The Wedding Song."

Maid of honor was Miss Cheryl York, the bride's cousin, and Debbie Nation

was chosen as the bridesmaid. Troy York escorted the bride down the aisle.

Gary Busby served as best man, and Kevin Meyers was groomsman. Gary Roach, and Mike York seated the guests. Pat Morgan presided over the guest book at the reception following the ceremony.

The bride attends Granite City High School South and will graduate this summer. The groom is a 1978 graduate of Granite City High School North and is employed at Granite City Steel.

After a wedding trip, the couple will reside in Granite City.

Miss Hutchins engaged

The engagement of Miss Cheryl D. Hutchins and Scott C. Gardner is being announced by her parents, Mr. and Mrs. Bud Hutchins, 2701 Buxton Ave. Her fiancé is the son of Mr. and Mrs. Norman Gardner, 27701 Nameoki Drive.

Miss Hutchins graduated in 1978 from Granite City High School South and is employed as a secretary at Batz-Hodgson-Neuwoehner, Inc. in St. Louis.

The groom-elect also graduated in 1978 from GCHS South. He is employed at Keinstra Construction.

The April 20 wedding will take place at Calvary Pentecostal Assembly Church.

LICENSES ISSUED IN ST. LOUIS

Marriage licenses issued in St. Louis to Quad-City residents include:

L. A. Tegel, Granite City, and B. A. DuClos, St. Louis. V. E. Hughes and K. A. Scarborough, both of Granite City.
